Briefe Und Antworten 19221950:

Briefe und Antworten: 1922-1950 Erika Mann, 1984 *In the Shadow of the Magic Mountain* Andrea

Weiss, 2024-05-31 A biography of Thomas Mann's two eldest children that provides intriguing insight into both their lives and the political and cultural shifts at the same time. Thomas Mann's two eldest children, Erika and Klaus, were unconventional, rebellious, and fiercely devoted to each other. Empowered by their close bond, they espoused vehemently anti-Nazi views in a Europe swept up in fascism and were openly, even defiantly, gay in an age of secrecy and repression. Although their father's fame has unfairly overshadowed their legacy, Erika and Klaus were serious authors, performance artists before the medium existed, and political visionaries whose searing essays and lectures are still relevant today. And as Andrea Weiss reveals in this dual biography, their story offers a fascinating view of the literary and intellectual life, political turmoil, and shifting sexual mores of their times. *In the Shadow of the Magic Mountain* begins with an account of the make-believe world the Manns created together as children, an early sign of their talents, as well as the intensity of their relationship. Weiss documents the lifelong artistic collaboration that followed, showing how, as the Nazis took power, Erika and Klaus infused their work with a shared sense of political commitment. Their views earned them exile, and after escaping Germany, they eventually moved to the United States, where both served as members of the U.S. armed forces. Abroad, they enjoyed a wide circle of famous friends, including André Gide, Christopher Isherwood, Jean Cocteau, and W.H. Auden, whom Erika married in 1935. But the demands of life in exile, Klaus's heroin addiction, and Erika's new allegiance to their father strained their mutual devotion, and in 1949, Klaus committed suicide. Beautiful, never-before-seen photographs illustrate Weiss's riveting tale of two brave nonconformists whose dramatic lives open up new perspectives on the history of the twentieth century. **"Escape to Life"**

Eckart Goebel, Sigrid Weigel, 2012-05-29 After 1933, New York City gave shelter to many leading German and German Jewish intellectuals. Stripped of their German citizenship by the Nazi regime, these public figures either stayed in the New York area or moved on to California and other places. This compendium, adopting the title of a famous volume published by Klaus and Erika Mann in 1939, explores the impact the US and NYC in particular had on these authors, as well as the influence they in turn exerted on US intellectual life. Moreover, it addresses the transformations that took place in the exiled intellectuals' thinking when it was translated into another language and addressed to an American audience. Among the individuals presented in this volume are such prominent names as T.W. Adorno, H. Arendt, W. Benjamin, E. Bloch, B. Brecht, S. Kracauer, the Mann family, S. Morgenstern, and E. Panofsky. The authors of the essays in this compendium were free to choose the angle: biography, theory, politics, or aspect of a single work, a personal constellation deemed best to illuminate the given intellectual's work. Acclaimed NYC photographer Fred Stein, a German Jewish refugee from Dresden, produced numerous portraits of exiled intellectuals and artists. A selection of these compelling portraits is reproduced in this book for the first time. **Gustaf**
