## **Briefings Poems Small And Easy:**

*Briefings: Poems Small and Easy* A. R. Ammons, 1971-03-17 *Briefings* brings together more than eighty short lyrics that as Harold Bloom writes maintain an utterly consistent purity of detached yet radiant vision Bloom continues There are other American poets since Stevens who have composed a handful of memorable poems but only Ammons has begun to show us a whole poetic world More than his contemporaries he has perfected a voice that to cite Emerson is ready to render an image of every created thing David Kalstone says The poems are by and large tough or wry meditations striking out into strange landscapes dreams or nightmares which are seen with entire clarity no blurring as if this were the only way the mind could be unwound on the page The book forms a journal of mental states each poem finding a form and a scene for a very exact mental encounter of discovery *Small and Easy* is the way everything is finally made to seem like the rarest dancing in which briefly and freshly the dancer shows us what space is like by showing how much he can possess *Complexities of Motion* Steven P. Schneider, 1999 This volume gathers new essays on A R Ammons s long poems by many of the most influential critics of contemporary American poetry including Helen Vendler Marjorie Perloff and Willard Spiegelman It will serve for years to come as an important critical text on a vast body of work by one of the most prolific and innovative practitioners of the long poem in post World War II American poetry *Complexities of Motion* then is a collection of new critical articles on the entire range of Ammons s longer poems beginning with *Tape for the Turn of the Year* 1965 and culminating with *Glare* 1997

Lucy Alford, 2020-01-28 A poem is often read as a set of formal technical and conventional devices that generate meaning or affect However Lucy Alford suggests that poetic language might be better understood as an instrument for tuning and refining the attention Identifying a crucial link between poetic form and the forming of attention Alford offers a new terminology for how poetic attention works and how attention becomes a subject and object of poetry *Forms of Poetic Attention* combines close readings of a wide variety of poems with research in the philosophy aesthetics and psychology of attention Drawing on the work of a wide variety of poets such as T S Eliot Wallace Stevens Frank O Hara Anne Carson Theresa Hak Kyung Cha Harryette Mullen Al Khans Rainer Maria Rilke Arthur Rimbaud and Claudia Rankine Alford defines and locates the particular forms of attention poems both require and produce She theorizes the process of attention making its objects its coordinates its variables while introducing a broad set of interpretive tools into the field of literary studies *Forms of Poetic Attention* makes the original claim that attention is poetry s primary medium and that the forms of attention demanded by a poem can train hone and refine our capacities for perception and judgment on and off the page **A.R. Ammons and the Poetics of Widening Scope** Steven P. Schneider, 1994 Schneider presents new and penetrating readings of Ammons s central poems such as *Corsons Inlet* *Sphere* and *Easter Morning* **Encyclopedia of American Poetry: The Twentieth Century** Eric L.
