*The Antiracist World Language Classroom* Krishauna Hines-Gaither, Cécile Accilien, 2022-07-29 How can you incorporate antiracist practices into specific subject areas This essential book finally answers that question and offers a clear roadmap for introducing antiracism into the world language classroom Drawing on foundational and cutting edge knowledge of antiracism authors Hines Gaither and Accilien address the following questions what does antiracism look like in the world language classroom why is it vital to implement antiracist practices relevant to your classroom or school and how can you enact antiracist pedagogies and practices that enrich and benefit your classroom or school Aligned with the American Council on the Teaching of Foreign Languages standards the book is filled with hands on antiracist activities strategies and lesson plans The book covers all necessary topics including designing antiracist units of study teaching across proficiency levels advocacy and collaboration in the community and how to facilitate self reflection to become an active antiracist educator The tools prompts and resources in this book are essential for any world language teacher department chair or school leader

**Love, Friendship, Beauty, and the Good** Kevin Corrigan, 2018-08-03 This book tells a compelling story about love friendship and the Divine that took over a thousand years to unfold It argues that mind and feeling are intrinsically connected in the thought of Plato Aristotle and Plotinus that Aristotle developed his theology and physics primarily from Plato s Symposium from the Greater and Lesser Mysteries of Diotima Socrates speech and that the Beautiful and the Good are not coincident classes but irreducible Forms and the loving ascent of the Symposium must be interpreted in the light of the Republic as the later tradition up to Ficino saw Against the view that Platonism is an escape from the ambiguities of ordinary experience or opposed to loving individuals for their own sakes this book argues that Plato dramatizes the ambiguities of ordinary experience confronts the possibility of failure and bequeaths erotic models for the loving of individuals to later thought Finally it examines the Platonic Aristotelian heritage on the Divine to discover whether God can love us back and situates the dramatic development of this legacy in Plotinus Iamblichus Proclus and Dionysius the Areopagite
