Bring White Beads When You Call On The Healer:

Bring White Beads When You Call on the Healer Marian R. Lindkvist, 1997-12-01 **Current Approaches in Drama Therapy** David Read Johnson, Renée Emunah, 2020-11-18 This third edition of *Current Approaches in Drama Therapy* offers a revised and updated comprehensive compilation of the primary drama therapy methods and models that are being utilized and taught in the United States and Canada. Two new approaches have been added: Insight Improvisation by Joel Gluck and the Miss Kendra Program by David Read Johnson. Nisha Sajjani, Christine Mayor, and Cat Davis, as well as an established but not previously recognized approach in the field: Autobiographical Therapeutic Performance by Susana Pendzik. The book begins with an updated chapter on the development of the profession of drama therapy in North America, followed by a chapter on the current state of the field written by the editors and Jason Butler. Section II includes the 13 drama therapy approaches, and Section III includes the three related disciplines of Psychodrama and Sociodrama, Playback Theatre, and Theatre of the Oppressed, that have been particularly influential to drama therapists. This highly informative and indispensable volume is structured for drama therapy training programs. It will continue to be useful as a basic text of drama therapy for both students and seasoned practitioners, including mental health professionals such as counselors, clinical social workers, psychologists, creative arts therapists, occupational therapists, theater and drama teachers, school counselors, and organizational development consultants.

Theatre for Change Robert Landy, David T. Montgomery, 2012-04-03 Building on Robert J. Landy's seminal text *Handbook of Educational Drama and Theatre*, Landy and Montgomery revisit this richly diverse and ever-changing field, identifying some of the best international practices in Applied Drama and Theatre. Through interviews with leading practitioners and educators such as Dorothy Heathcote, Jan Cohen Cruz, James Thompson, and Johnny Salda, the authors lucidly present the key concepts, theories, and reflective praxis of Applied Drama and Theatre. As they discuss the changes brought about by practitioners in venues such as schools, community centres, village squares, and prisons, Landy and Montgomery explore the field's ability to make meaning of a vast range of personal and social issues through the application of drama and theatre.

Acting For Real Renée Emunah, 2019-09-18 This second edition takes the reader further into the heart of using drama for healing. Dr. Emunah offers an expanded understanding of her Integrative Five Phase model, a foundational approach that embraces the wide spectrum of possibilities within the playing field of drama therapy. Grounded by compassionate clinical examples, including ones that reach over time into deep-seated issues, the book offers tools for action-oriented treatment, embodied therapeutic interventions, and creatively engaging a wide variety of clients. This comprehensive text also contains over 120 techniques categorized by phases in the session and treatment series and subcategorized by therapeutic objective. Process-oriented drama therapy with group and individuals, as well as performance-oriented forms, are described in vivid detail. New to the second edition is an exploration of drama therapy outside of the clinical arena, including dramatic methods in family life and parenting and drama therapy geared toward social change.

The Couch and the Stage Robert J.
