## **Britain Since 193:**

*Britain since 1688* Stephanie Barczewski, John Eglin, Stephen Heathorn, Michael Silvestri, Michelle Tusan, 2023-05-10 Now in its second edition *Britain since 1688* is an accessible and comprehensive introduction to British History from 1688 to the present day that assumes no prior knowledge of the subject Chronological in structure yet thematic in approach the book guides the reader through major events in British history from the Glorious Revolution of 1688 offering extensive coverage of the British Empire and continuing through to recent events such as Britain's exit from the European Union Fully revised and updated using the most recent historical scholarship this edition includes discussion of the Brexit referendum and Britain's subsequent exit from the European Union along with increased coverage of Britain's imperial past and its legacy in the present New sidebars on themes such as race immigration religion sexuality the presence of empire and the experience of warfare are carried across chapters to offer students current and relevant interpretations of British history Written by a team of expert North American university professors and supported by textboxes timelines bibliographies glossaries and a fully integrated companion website this textbook provides students with a strong grounding in the rich tapestry of events characters and themes that encompass the history of Britain since 1688

*Britain Since 1945* Jonathan Hollowell, 2008-04-15 This book offers a comprehensive overview of Britain's development since the end of the Second World War It comprises 23 contributions from leading authorities and newer scholars set in context with a foreword by Raymond Seitz A comprehensive and fascinating introduction to Britain from the end of the Second World War Draws together the themes that have dominated discussion amongst scholars and media commentators The chapters are set in context with a foreword by Raymond Seitz Covers topics such as foreign policy political parties the media race relations women and social change science and IT culture industrial relations the welfare state and political and economic issues in Scotland Wales and Northern Ireland

[A New History of Britain Since 1688](#) Susan Kingsley Kent, 2017 Based on the most current scholarship concerning gender race ethnicity and empire this 15 chapter textbook comprehensively examines the development of and contestations against a British identity among the constituent parts of the United Kingdom since 1688 It takes seriously the role of Scotland Wales and Ireland in this process and brings Britain's imperial subjects and lands into the narrative showing how integral empire was to the UK's historical development It examines the role environmental factors in economic development and their impact on the health and welfare of British citizens and subjects and it uses gender in particular to illuminate power dynamics across a variety of settings All this in a manageable length Provided by publisher

[The Economic History of Britain Since 1700](#) Roderick Floud, Deirdre N. McCloskey, 1994-08-18 The most up to date and comprehensive survey of recent British economic history currently available

[Politics UK](#) Bill Jones, Philip Norton, 2018-03-16 This revised and updated ninth edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British

government a good grounding in British political history and an incisive introduction to the issues and challenges facing Britain today including the European referendum and Brexit The ninth edition welcomes brand new material from seven new contributors to complement the rigorously updated and highly respected chapters retained from the previous edition It delivers excellent coverage of contemporary events including a new chapter on Euro scepticism and the European referendum an assessment of the performance of Labour s leadership the trials and tribulations of the Liberal Democrats and UKIP and the evolving devolution debate in Scotland led by the Scottish Nationalist Party Features of the new edition include Britain in context boxes offering contrasting international perspectives on key themes in British politics A comprehensive who s who of politics in the form of Profile boxes featuring key political figures And another thing pieces containing short articles written by distinguished commentators including Mark Garnett Sir David Omand Richard Wilkinson and Sir Simon Jenkins An epilogue analyzing the turbulent state of UK politics following the European referendum With chapters written by highly respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for all students of British politics

[The Liberal Party in South-west Britain Since 1918](#) Garry Tregidga,2000 The decline of the Liberal party is one of the most controversial subjects in twentieth century British politics and this book makes a distinctive contribution to the debate by focusing on the South West where Liberalism remained a powerful force after 1918 During the 1920s it was one of the few areas where the party survived as a major force By the early 1950s when the Liberals were fighting for their very existence it was their early revival in the far west which provided morale and purpose Victories in Cornwall and Devon after 1958 improved the party s credibility and effectively heralded the national Liberal revival In recent years the regional Liberal Democrats have built on these historic foundations to emerge on equal terms with the Conservatives at Westminster and as the dominant party in local government By concentrating on one region this book offers fresh insight into issues relating to the UK as a whole It moves away from the conventional focus on urban Britain to the neglected world of rural and small town politics and explores differences within the South West itself from Celtic Cornwall in the far west to modern Wessex in the east A study of one of the key regions of Britain for the Liberal Party s survival and revival Raises important questions about the nature of regional politics Includes the significant 1997 election when the South West went against national trends

**The Policing of Protest, Disorder and International Terrorism in the UK since 1945** Peter Joyce,2017-02-06 This book examines the nature of protest and the way in which the police and state respond to the activities associated with this term Protest is explored within the context of the perceived decline in public engagement with recent general election contests It is often thought that protest is regarded as an alternative to or as a replacement for formal political engagement with electoral politics and this book provides a thoughtful assessment of the place of protest in the contemporary conduct of political affairs Analysing key forms of protest such as demonstrations direct action protest conducted within the workplace riots and terrorism this study also illustrates

each of these activities with a wide range of examples of events that have taken place within the UK since 1945 It will be of keen interest to students of criminology criminal justice studies police studies and politics

**The Chicago Daily News Almanac and Year Book for ...** George Edward Plumbe, James Langland, Claude Othello Pike, 1911

**Love Now, Pay Later?** Nigel Yates, 2011-01-01 Nigel Yates brings together the religious and social dimensions of the 1950s and 60s and examines the enormous changes in moral attitudes that took place in these two decades Much of the popular literature on post war Britain tends to present the 1950s as a period of continuing repression and respectability in the area of private and public morality and the 1960s as one in which there was rapid social change Using a wide range of contemporary sources books including novels magazines newspapers advertising fashion catalogues films and television as well as a number of significant archive collections Nigel Yates argues that changes in attitudes to religion and morality in the 1960s were only made possible by developments in the 1950s
