Gender, Sexuality and National Identity in the Lives of British Lifestyle Migrants in Spain Laura Dixon, 2021-03-28 This book takes an intimate look at the lives of British migrants in Sitges an affluent coastal tourist town in Northern Spain and investigates ideas of gender sexuality and national identity as they are brought to life through the voices of British lifestyle migrants Situating Sitges as a specifically affluent and middle class location representing a particular form of lifestyle migration this rich and detailed study explores how the experiences of British migrants re inscribe culturally specific understandings of the relationship between space place culture and identity What ultimately emerges is an account of the complex structural constraints of identity as British migrants find themselves stuck within the stereotype of badly behaved Brits Abroad and entangled in highly conservative conceptualisations of gender and sexuality that leave them unable to live the kind of cosmopolitan lifestyles that they so purposefully sought This is a fascinating study suitable for researchers in gender and sexuality studies tourism sociology and anthropology
