**British Administration in Nigeria, 1900-1950** I. M. Okonjo, 1974      **Colonialism and Violence in Nigeria** Toyin Falola, 2009-09-25 Colonialism and Violence in Nigeria looks closely at the conditions that created a legacy of violence in Nigeria Toyin Falola examines violence as a tool of domination and resistance however unequally applied to get to the heart of why Nigeria has not built a successful democracy Falola's analysis centers on two phases of Nigerian history the last quarter of the 19th century when linkages between violence and domination were part of the British conquest and the first half of the 20th century which was characterized by violent rebellion and the development of a national political consciousness This important book emphasizes the patterns that have been formed and focuses on how violence and instability have influenced Nigeria today      **Economic Reforms and Modernization in Nigeria, 1945-1965** Toyin Falola, 2004 Created as a result of British colonialism Nigeria emerged as a nation state during the mid 20th century Toyin Falola presents statistical data on Nigeria's economy that illustrate the nature of the changes made throughout the mid 20th century      **Nigerian Chiefs** Olufemi Vaughan, 2006 An analysis of how traditional power structures in Nigeria have survived the forces of colonialism and the modernization processes of postcolonial regimes This book analyzes how indigenous political power structures in Nigeria survived both the constricting forces of colonialism and the modernization programs of postcolonial regimes With twenty detailed case studies on colonial and postcolonial Nigerian history the complex interactions between chieftaincy structures and the rapidly shifting sociopolitical and economic conditions of the twentieth century become evident Drawing on the interactions between the state and chieftaincy this study goes beyond earlier Africanist scholarship that attributes the resilience of these indigenous structures to their enduring normative and utilitarian qualities Linked to externally derived forces and legitimated by neotraditional themes chieftaincy structures were distorted by the indirect rule system transformed by competing communal claims and legitimated a dominant ethno regional power configuration Olufemi Vaughan is Professor in the Department of Africana Studies and the Department of History State University of New York at Stony Brook Winner of the 2001 Cecil B Currey Book length Award from the Association of Third World Studies      **The Failure Of The Centralized State** James Wunsch, Dele Olowu, John W Harbeson, Vincent Ostrom, 2019-07-11 This book is an outcome of the workshop on Political Theory and Policy Analysis held in Indiana during the 1985-86 It seeks to explain why the centralized African state has failed and discusses the breakdown of social processes indirectly caused by the policies of the centralized state      ***Nigeria's Resource Wars*** Egodi Uchendu, 2021-03-02 Nigeria's Resource Wars reflects on the diversity of conflicts over access to and allocation of resources in Nigeria From the devastating effects of crude oil exploration in the Niger Delta to desertification caused by climate change and illegal gold mining in Zamfara to mention a few Nigeria faces new dimensions of resource related struggles The ravaging effects of these resource conflicts between crop farmers and Fulani herders in Nigeria's Middlebelt and states across Southern Nigeria call

for urgent scholarly interventions with the Fulani cattle breeders onslaught altering the histories of many Nigerian families through deaths loss of homes and investments and permanent physical incapacity Currently there is an almost total breakdown of interethnic relations with political commentators acknowledging that Nigeria has never been so divided as it presently is in its history The struggles have now degenerated into kidnaps armed robbery and incessant targeted and random killings across the country compounding the already complex problem of insecurity in Nigeria The chapters in this volume engage with these issues presenting the different arguments on resource conflicts in Nigeria They draw insights from similar conflicts in Nigeria s colonial post independence past and events from around the world to proffer possible solutions to resource related confrontations in Africa By offering a collection of different intellectual perspectives on resource conflicts in Nigeria this volume will be an important reference material for understanding the diversity of thought patterns that underpin the struggle and policy approaches towards resolving conflict situations in Africa This volume will be of considerable interest to scholars of Africa researchers in the humanities social sciences and conflict studies and policymakers interested in understanding the resource crisis in Africa

extensive collection of documents ever gathered on the early African nationalism of the inter war period Here is a detailed chronicle of the spread of Garvey s call for African redemption throughout Africa and the repressive colonial responses it engendered Volume VIII begins in 1917 with the little known story of the Pan African commercial schemes that preceded Garveyism and charts the early African reactions to the UNIA Volume IX continues the story documenting the establishment of UNIA chapters throughout Africa and presenting new evidence linking Garveyism and nascent Namibian nationalism
