

A painting of a wet city street at night, viewed from a low angle looking down the street. The street is wet and highly reflective, mirroring the lights from buildings and street lamps. In the foreground, tram tracks run down the center of the street. On the left, a vintage car is partially visible. On the right, a tram is stopped at a station platform. The background shows tall buildings with lit windows, creating a bokeh effect of light. The overall atmosphere is moody and atmospheric.
