Hidden History Gerry Docherty, James MacGregor, 2013-07-04 Think you know about British history and the causes of the First World War Think again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war's origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine the evidence they lay before you *The English Catalogue of Books [annual]* Sampson Low, 1927 Vols for 1898 1968 include a directory of publishers **A Matter of Honour** Zachary Twamley, 2022-02-13 On 4 August 1914 Britain declared war on Germany and entered the First World War It may be tempting to view the conflict as inevitable or to see British intervention as unavoidable but the truth was not so simple Britons had long loathed the prospect of a continental war and were assured that their nation had a free hand in Europe Yet in the first days of August the debate abruptly changed This was not simply a question of war the British Government insisted Instead it was a matter of honour If

Britain stayed neutral her friends would never trust her again the country's prestige would plummet the national honour would be destroyed National honour David Lloyd George proclaimed is a reality and any nation that disregards it is doomed What did these ideas mean and why did they resonate so effectively with the British public As Twamley details in this study based on his award winning masters dissertation the importance of national honour to the decision makers of 1914 has been largely overlooked It is now time to address such shortcomings in the debate and to place Britain's pivotal decision for war in its proper cultural and ideological context

The English Catalogue of Books, 1926

[A Box of Sand](#) Charles Stephenson, 2014-12-19 This is the first book in the English language to offer an analysis of a conflict that in so many ways raised the curtain on the Great War In September 1911 Italy declared war on the once mighty transcontinental Ottoman Empire but it was an Empire in decline The ambitious Italy decided to add to her growing African empire by attacking Ottoman ruled Tripolitania Libya The Italian action began the rapid fall of the Ottoman Empire which would end with its disintegration at the end of the First World War The day after Ottoman Turkey made peace with Italy in October 1912 the Balkan League attacked in the First Balkan War The Italo Ottoman War as a prelude to the unprecedented hostilities that would follow has so many firsts and pointers to the awful future the first three dimensional war with aerial reconnaissance and bombing and the first use of armored vehicles operating in concert with conventional ground and naval forces war fever whipped up by the Italian press military incompetence and stalemate lessons in how not to fight a guerrilla war mass death from disease and 10 000 more from reprisals and executions Thirty thousand men would die in a struggle for what may be described as little more than a scatolone di sabbia a box of sand As acclaimed historian Charles Stephenson portrays in this ground breaking study if there is an exemplar of the futility of war this is it Apart from the loss of life and the huge cost to Italy much higher than was originally envisaged the main outcome was to halve the Libyan population through emigration famine and casualties The Italo Ottoman War was a conflict overshadowed by the Great War but one which in many ways presaged the horrors to come A Box of Sand will be of great interest to students of military history and those with an interest in the history of North Africa and the development of technology in war

British Documents On The Origins Volume 11 Introduction

In the digital age, access to information has become easier than ever before. The ability to download British Documents On The Origins Volume 11 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download British Documents On The Origins Volume 11 has opened up a world of possibilities. Downloading British Documents On The Origins Volume 11 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading British Documents On The Origins Volume 11 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download British Documents On The Origins Volume 11. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading British Documents On The Origins Volume 11. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading British Documents On The Origins Volume 11, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download British Documents On The Origins Volume 11 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
