**British Economic and Strategic Planning, 1905-1915** David French,1982      **British Strategy and War Aims 1914-1916 (RLE First World War)** David French,2014-04-03 This book illustrates the relationship between British military policy and the development of British war aims during the opening years of the First World War Basing his work on a wide range of unpublished documentary sources David French reassesses for the benefit of students and scholars alike what was meant by a war of attrition

**Britain and World War One** Alan G. V. Simmonds,2013-03 The First World War appears as a fault line in Britain s twentieth century history Between August 1914 and November 1918 the titanic struggle against Imperial Germany and her allies consumed more people more money and more resources than any other conflict Britain had hitherto experienced For the first time it opened up a Home Front that stretched into all parts of the British polity society and culture touching the lives of every citizen regardless of age gender and class Even vegetables were grown in the gardens of Buckingham Palace Britain and World War One throws attention on these civilians who fought the war on the Home Front Harnessing recent scholarship and drawing on original documents oral testimony and historical texts this book casts a fresh look over different aspects of British society during the four long years of war It revisits the early war enthusiasm and the making of Kitchener s new armies the emotive debates over conscription the relationships between politics government and popular opinion women working in wartime industries the popular experience of war and the question of social change The book also explores areas of wartime Britain overlooked by recent histories including the impact of the war on rural society the mobilization of industry and the importance of technology as well as exploring responses to air raids food and housing shortages the challenges to traditional social and sexual mores and wartime culture Britain and World War One is an essential book for all students and interested lay readers of the First World War

**The Merchant Marine in International Affairs, 1850-1950** Greg Kennedy,2014-07-10 Merchant navies represent economic and industrial strength This study revises the definition of maritime power through a more comprehensive understanding and appreciation for the roles played by the merchant marine of a nation

**British Economic and Social Policy** G. C. Peden,1991      **BRITISH ECONOMIC AND STRATEGIC PLANNING 1905/15** David FRENCH,1982      **The Journal of European Economic History** ,1998

**Deciphering Science and Technology** Ian Varcoe, Maureen McNeil, Steven Yearley,1990 As science and technology have pervaded modern life to an ever greater degree social scientists have been led to find questions of the causes and consequences of expert knowledge arising in places that would have been felt unlikely hitherto Varcoe McNeil and Yearley s book assembles nine exemplary studies by sociologists each of which explores an aspect of the current scientific technological revolution Some popular ideas are challenged So too implicitly are certain large scale social scientific theories claiming to have discerned in science and technology an overall meaning

**Bibliographic Index** ,1986      **Men, Ideas, and Tanks** J. P. Harris,1995 This work reviews the development of British military ideas on armoured forces from

1903 to 1939 Cronies Or Capitalists? David Lockwood, 2009 Why wasn't there a successful bourgeois revolution in Russia Was it because Russian capitalists were too servile in their relationship with the Tsarist autocracy Or was it because Russian states Tsarist republican and Soviet were just too strong This book is a political history of the Russian capitalist class from 1850 to 1917 that seeks to answer these questions The book covers the consistent opposition of the Russian bourgeoisie to the Tsarist autocracy up to and including the revolution of 1905 It then considers its alliance from 1909 with new state elements officials politicians army officers and technical experts who were convinced of the possibility of reform and renovation through a radically reorganised state cleansed of its autocratic detritus Such a reorganisation was expected as a result of the Great War While these ideas came to a temporary fruition in the February Revolution of 1917 they also laid the basis for a much more demanding Soviet state in October and the destruction of the bourgeoisie itself The book ends with a consideration of the wider implications for the concept of the bourgeois revolution implications that stretch well beyond Russia that are revealed by the rise and fall of the Russian bourgeoisie

**The Origins of the First World War** James Joll, 1984 Strategy and Diplomacy, 1870-1945 Paul M. Kennedy, 1989 **Diplomats at War** Christopher Baxter, Andrew Stewart, 2008 The first half of the twentieth century had a dramatic impact upon the practice of diplomacy and the role of diplomats in wartime The advent of total war witnessed the rapid expansion of the diplomatic agenda and saw the transformation of overseas policy into wartime policy Regional and world conflicts would revolutionise the way embassies legations high commissions and governorships functioned posing formidable challenges to the authority of heads of missions whose job it was to manage the bilateral relations for which they were responsible With contributions from leading scholars on various British and Commonwealth heads of mission this book provides a fascinating survey of diplomats and their responses to the vicissitudes of war making an important contribution to twentieth century diplomatic history Contributors include Ian Nish Keith Hamilton Keith Neilson T G Otte Greg Kennedy Carl Bridge David Lee Kent Fedorowich Ashley Jackson and David Lowe *Europe Transformed 1878-1919* Norman Stone, 1983 European history between 1878 1919

**Journal of the Society for Army Historical Research** Society for Army Historical Research (London, England), 1987

**Germany's Western Front: 1915** Mark Osborne Humphries, John Maker, 2010 This volume 2 focuses on 1915 the first year of trench warfare For the first time in the history of warfare poison gas was used against French and Canadian troops at Ypres Meanwhile conflict raged in the German High Command over the political and military direction of the war The year 1915 also set the stage for the bloodbath at Verdun and sealed the fate of the German Supreme Commander Erich von Falkenhayn This is the official version of that story Publisher's description Unfit for Heroes Kent Fedorowich, 1995 Research on soldier settlement has to be set within the wider history of emigration and immigration This book examines two parallel but complementary themes the settlement of British soldiers in the overseas or white dominions Australia Canada New Zealand and South Africa between 1915 and 1930 One must place soldier settlement within the larger context of

imperial migration prior to 1914 in order to elicit the changes in attitude and policy which occurred after the armistice The book discusses the changes to Anglo dominion relations that were consequent upon the incorporation of British ex service personnel into several overseas soldier settlement programmes and unravels the responses of the dominion governments to such programmes For instance Canadians and Australians complained about the number of ex imperials who arrived physically unfit and unable to undertake employment of any kind The First World War made the British government to commit itself to a free passage scheme for its ex service personnel between 1914 and 1922 The efforts of men such as L S Amery who attempted to establish a landed imperial yeomanry overseas is described Anglicisation was revived in South Africa after the second Anglo Boer War and politicisation of the country s soldier settlement was an integral part of the larger debate on British immigration to South Africa The Australian experience of resettling ex servicemen on the land after World War I came at a great social and financial cost and New Zealand s disappointing results demonstrated the nation s vulnerability to outside economic factors In from the Cold Twentieth Century Fund. Task Force on the Future of U.S. Intelligence, Allan E. Goodman, Gregory F. Treverton, Philip Zelikow, 1996 **Annual Bibliography of British and Irish History** ,1982
