**Austerity in Britain** Ina Zweiniger-Bargielowska,2000-05-04 Austerity in Britain is the first book to explore the entire episode of rationing austerity and fair shares from 1939 until 1955 These policies were central to the British war effort and to post war reconstruction The book analyses the connections between government policy consumption gender and party politics during and after the Second World War The economic background to austerity the policy s administration and changes in consumption standards are examined Rationing resulted in at times extensive black markets and popular attitudes to the policy ranged from wartime acquiescence to post war discontent Austerity in Britain qualifies the myth of common sacrifice on the home front and highlights the limitations of the fair shares policy which failed to achieve genuine equality between classes or between men and women The continuation of rationing and austerity policies after 1945 was central to party politics Disaffection particularly among women undermined Labour s popularity while the Conservatives critique of austerity was instrumental to the party s victories at the general elections of 1951 and 1955

**The British Economy, 1945-1950** George David Norman Worswick, Peter H. Ady, 1952      **Britain's Productivity Problem, 1948-1990** M. Bufton, 2004-06-30 This volume examines attempted changes to industrial relations in Britain during 1948-1990 designed to promote institutional reforms of management and trade unions. Specific focus is given to the Donovan Commission and other trade union reforms and incomes policies to connect pay more tightly with productivity. International initiatives of the AACP, BPC and EPA are also included.      German Migrants in Post-War Britain Dr Inge Weber-Newth, Johannes-Dieter Steinert, 2006-03-29 Both timely and topical with 2005 marking the 60th anniversary of the end of the Second World War, this unique book examines the little-known and under-researched area of German migration to Britain in the immediate post-war era. Authors Weber-Newth and Steinert analyze the political framework of post-war immigration and immigrant policy and the complex decision-making processes that led to large-scale labour migration from the continent. They consider identity perception of self and others, stereotypes and prejudice, how migrants dealt with language and intercultural issues, migrants' attitudes towards national socialist and contemporary Germany, migrants' motivation for leaving Germany, migrants' initial experiences and their reception in Britain after the war as recalled after 50 years in the host country compared to their original expectations. Based on rich British and German governmental and non-governmental archive sources, contemporary newspaper articles and nearly eighty biographically oriented interviews with German migrants, this outstanding volume is a must-read for students and scholars in the fields of social history, sociology and migration studies. Expertly encompassing political as well as social-historical questions and engaging with the social, economic and cultural situation of German immigrants to Britain from a life-historical perspective.      The British Economy, 1967

For ease of analysis, the 160 years under study are arranged into three clear chronological divisions. Part 1 covers the years 1826-1913, a period in which the UK emerged as the world's leading economic power. It was in these years that an extensive and fully operative domestic banking system was established. Part 2 covers 1914 to 1939, the years which marked a break in the traditional monetary arrangements of the Victorian and Edwardian eras. Part 3 covers 1939-1986, when the dominance of state influence within the domestic money markets was re-established by the Second World War and the acceptance by the authorities of the obligation to manage the economy, which meant that successive postwar governments took direct responsibility for the conduct of monetary and credit policy.      A Bibliography of British History Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996.
