## **Circumcision Exposed Rethinking A Medical Cultural Tradition:**

Circumcision Exposed Billy Ray Boyd, 1990 Nearly 60 percent of all male newborns are routinely circumcised in the U S In this book the founder of the men s group The Victims Speak debunks the medical reasons for infant male circumcision and places them in a cultural and historical context Boyd also explores male and female circumcision in a range of cultures Illustrations

**The Right to Bodily Integrity** A.M. Viens, 2017-05-15 The right to bodily integrity has become a notable controversial issue within moral political and legal discourse and this right is regarded as one of the most precious rights that persons have alongside the right to life Recent scholarly debate has focused attention on the content scope and force of this right and has led to the recognition that a better understanding of the nature of this right will contribute to determining whether and why a multitude of clinical and research activities in medical practice should be seen as permissible or impermissible The essays selected for this volume examine topics such as pregnancy and reproduction altering children s bodies transplantation controversial modifications and surgeries and experimentation and dead bodies This is the first collection of scholarly research articles to provide a comprehensive overview of the ethical and legal aspects of the right to bodily integrity and its implications in theory and practice

*Understanding Emerging Epidemics* Ananya Mukherjee, 2010-02-25 Focuses on the contributions that social scientists can make to understanding emerging epidemics their impact the threats they pose and their social and political contexts This book examines emerging epidemics and offers a theoretical analysis of the use of epidemics and epidemiology as frameworks for understanding these phenomena

*Genital Autonomy*: George C. Denniston, Frederick M. Hodges, Marilyn Fayre Milos, 2010-08-25 Circumcision affects 15 3 million children and young adults annually In terms of gender 13 3 million boys and 2 million girls are subjected to the involuntary removal of part or all of their external sexual organs every year The problem of female circumcision has been addressed on an international level but male circumcision remains a controversial subject that many academics have been reluctant to examine Circumcision is tolerated today because it has been practiced for millennia by a small but vocal minority of religious and ethnic groups however when the practice is examined through the lens of modern legal ethical and human rights advancements no place remains in civilized society for this body altering ritual In *Genital Autonomy Protecting Personal Choice* international experts address various types of genital modifications the impact of these harmful traditional practices on the child on human rights and on the development of the concept of bodily integrity The papers presented in this volume address these topics from a variety of angles They question and dissect the true motivations of the doctors witch doctors and holy men who promote and profit from circumcision

**Consuming Bodies** Jackie Hogan, Sarah Whetstone, 2024-12-24 Our bodies reveal the values priorities anxieties and material realities of the society in which we are situated and in contemporary consumer societies human bodies both reflect the defining characteristics of our time and carry the markers of social hierarchies based on categories such as gender race and class *Consuming Bodies Body Commodification and*

Embodiment in Late Capitalist Societies explores the ways our bodies are increasingly commodified from before birth to after death through both long standing forms of commodification captive labor sex work and spectator sports and newer forms commercial surrogacy the thriving trade in human biomaterials female genital rejuvenation surgery global romance tourism and green burial practices among others As this diverse range of topics demonstrates body commodification reaches increasingly into every realm of our lives from our most intimate experiences to encounters with pop culture the beauty industries the medical industrial complex and the state This volume takes a critical perspective on body commodification and embodiment both in the US and across the globe making an important contribution to social scientific understandings of the body both by going beyond the Eurocentric approach that typifies much of the extant scholarly literature and by addressing newly emerging practices that are growing out of techno scientific and social changes

**Male and Female Circumcision** George C. Denniston, Frederick Mansfield Hodges, Marilyn Fayre Milos, 2007-08-27 Every year around the world 13.3 million boys and 2 million girls have part or all of their external sex organs cut off Doctors parents and politicians have been misled into thinking that these mutilations are beneficial necessary and harmless International respected experts in the fields of medicine science politics law ethics sociology anthropology history and religion present the latest research documentation and analysis of this world wide problem focusing on the ethical political and legal aspects of sexual mutilation the cost and burden to healthcare systems the latest medical research anatomical and function consequences religious and cultural aspects psychological aspects and the world wide campaign to end sexual mutilation
