Capital Cities and Their Hinterlands in Early Modern Europe Peter Clark,Bernard Lepetit,1996 This work provides an amalysis of European capital cities and their impact in the early modern period Capital cities were dynamic and influential accounting for more than a third of all European city growth during the 16th and 17th centuries Some were ancient cities like Paris and London a number were new expressions of royal power such as Madrid and Berlin other were colonial cities offshoots of state empires like Dublin or Naples

Social Change in the Age of Enlightenment Robert Allan Houston,1994 This comprehensive study of Edinburgh during a century of social transformation offers unparalleled detail on the ways in which urban life was transformed Chapters on social relationships the use of space the place of the poor religious values riot and popular protest and political economy build up to a powerful argument about social change Houston s broader contribution is to explain how changes in social attitudes and values took root in a century that witnessed dramatic political economic and intellectual developments

The Medical World of Early Modern France L. W. B. Brockliss,Colin Jones,1997 The Medical World of Early Modern France recounts the history of medicine in France between the sixteenth century and the French Revolution Physicians surgeons and apothecaries are centre stage and the study provides an overview of long term changes in their ideas about medicine and their craft Other denizens of the medical world quacks charlatans wise women midwives herbalist and others are also brought into the analysis which is set within the broader context of social economic demographic and cultural change The breadth of the chronological and analytical framework and

the depth of the archival research behind it makes this a unique account of the evolution of medical ideas and practices in one of the major countries of early modern Europe

The Faith and Fortunes of France's Huguenots, 1600-85 Philip Benedict, 2001 The essays presented in this book represent a series of explorations in the social and religious history of France's Huguenots between the Edict of Nantes and its revocation This book investigates the history of the Huguenots how the community evolved numerically and sociologically in the face of intensifying pressure to return to the Catholic church the nature of huguenot identity the religious psychology cultural practices and mental world of the group and its members It also studies marital customs moral beliefs social mobility and wealth accumulation The author explores whether there was a link between Calvinism and capitalism as German sociologist Max Weber believed He looks at whether the Huguenots displayed a greater inner worldly asceticism or more of an aptitude for economic success than their Catholic neighbours There is an investigation of the Protestant and Catholic visual cultures and a look at their behaviours and customs

Patronage in Sixteenth- and Seventeenth-century France Sharon Kettering, 2002 The dual themes of this volume are the characteristics of patronage relationships and their political uses in early modern France The first essays provide an overview of the scholarly literature and suggest that the obligatory reciprocity of the patron client exchange was a defining characteristic The third and fourth essays compare patronage relationships with kinship and friendship while the following two focus on the patronage role of noblewomen Professor Kettering then looks at the role of brokerage in state formation in early modern France comparing this with other early modern societies In the final section she explores the role of patronage in the religious wars of the late 16th century and in the civil war of the Fronde a half century later and the ways in which it was affected by the changing lifestyles of the great nobles during the late 17th century
