up to the formation of the Confederacy and the start of the Civil War The Confederacy's hope of being let go in peace ended at 4:30 a.m. on the morning of April 12, 1861, when Confederate Brigadier General P. G. T. Beauregard ordered the first shots to be fired at the federal garrison defending Fort Sumter in the Charleston Harbor, effectively igniting the Civil War. Today, First Bull Run is remembered as the first important land battle of the Civil War, but with over 350 killed on each side, it was the deadliest battle in American history to date, and both the Confederacy and the Union were quickly served notice that the war would be much more costly than either side had believed. The 10 biggest Civil War battles were incredibly bloody, desperate fights that involved the war's most famous figures and determined the fate of several states. All told, over a quarter of a million casualties were inflicted by the two sides during the 10 largest battles, and the fates of the battles and the war itself hung in the balance. Shiloh, Stones River, and Chickamauga would all feature Union heroes like Ulysses S. Grant and George H. Thomas, preserving Federal control over Tennessee and Kentucky. But during those same periods of time, Robert E. Lee was leading the Army of Northern Virginia to victory over several Union commanders at Fredericksburg, Second Bull Run, and Chancellorsville. Of course, the most famous battles of the war involved the Army of the Potomac blunting Lee's offensives at Antietam and Gettysburg. Antietam was the bloodiest day of the war and forced Lee out of Maryland, allowing Lincoln to issue the Emancipation Proclamation. The following summer would see the biggest and most famous battle at Gettysburg. Lee would try and fail to dislodge the Union army with attacks on both of its flanks during the second day, and Pickett's Charge right down the center of the line on the third and final day. Meade's stout defense held, barely repulsing each attempted assault, handing the Union a desperately needed victory that ended up being one of the Civil War's turning points.

The History of the Civil War comprehensively analyzes the events that brought about the war, the major campaigns, and decisive battles, and the aftermath of the nation's deadliest conflict. G. T. Beauregard ordered the first shots to be fired at the federal garrison defending Fort Sumter in the Charleston Harbor effectively igniting the Civil War For nearly 36 hours Beauregard's Confederates unleashed a general bombardment from 43 guns and mortars positioned at various points across the Harbor Unable to effectively reply or defend themselves Major Robert Anderson raised the white flag early in the afternoon of April 13 bringing the first battle of the Civil War to a close No casualties were suffered on either side during the dueling bombardments across Charleston Harbor but ironically two U.S. Army soldiers were killed by an accidental explosion during the surrender ceremonies Fort Sumter is popularly remembered today as the first fighting of the Civil War and a relatively painless battle at that but much of the history before April 12 that led to the shelling of the fort is often overlooked The federal garrison had been stationed there months before the fight carefully watching the secession of South Carolina the buildup of Confederate forces in the region and the actions of the Buchanan Administration and incoming Lincoln administration in the weeks leading up to the bombardment After Fort Sumter the Lincoln Administration pushed for a quick invasion of Virginia with the intent of defeating Confederate forces and marching toward the Confederate capitol of Richmond Lincoln pressed Irvin McDowell to push forward Despite the fact that McDowell knew his troops were inexperienced and unready pressure from the Washington politicians forced him to launch a premature offensive against Confederate forces in Northern Virginia As the first major land battle of the Civil War the First Battle of Bull Run made history in several ways McDowell's army met Fort Sumter hero P. G. T. Beauregard's Confederate army near the railroad junction at Manassas on July 21, 1861 just 25 miles away from Washington D.C. Many civilians from Washington came to watch what they expected to be a rout of Confederate forces and for awhile it appeared as though that might be the case but Confederate reinforcements some of which arrived by train in the middle of the battle evened up the armies strength and turned the tide causing the Union army to panic and break in a rout back to Washington Today First Bull Run is remembered as the first important land battle of the Civil War but with over 350 killed on each side it was the deadliest battle in American history to date and both the Confederacy and the Union were quickly served notice that the war would be much more costly than either side had believed Fort Sumter First Bull Run comprehensively covers all of the events that led up to the the two historic battles the fighting that took place and their aftermath and legacies Along with pictures and a Bibliography you'll learn about the Civil War's first battles like you never have before
