Educating the Masses: the Unfolding History of Black School Admin in Arkansa (p) C. Calvin Smith,2003 Utilizing information from surveys conducted by the Retired Educators of Little Rock and Other Public Schools who developed the idea for this book as well as examining both private and public documents and secondary sources C Calvin Smith and contributing editor Linda Walls Joshua have compiled an unprecedented historical collection that pinpoints the key players their struggles and their victories in the ongoing movement to improve black education in Arkansas Jacket **More Than One Struggle** Jack Dougherty,2004 Traditional narratives of black educational history suggest that African Americans offered a unified voice concerning Brown v Board of Education Jack Dougherty counters this interpretation demonstrating that black activists engaged in multiple **In Silence or Indifference** Wayne A. Wiegand,2024-08-30 Librarians around the country are currently on a battleground defending their right to purchase and circulate books dealing with issues of race and systemic racism Despite this work the library community has often overlooked even ignored its own history of White supremacy and deliberate inaction on the part of White librarians and library leadership Author Wayne A Wiegand takes a crucial step to amend this historical record In Silence or Indifference Racism and Jim Crow Segregated Public School Libraries analyzes and critiques the world of professional librarianship between 1954 and 1974 Wiegand begins by identifying racism in the practice and customs of public school libraries in the years leading up to the Brown v Board of Education decision This culture permeated the next two decades as subsequent Supreme Court decisions led to feeble and mostly unsuccessful attempts to integrate Jim Crow public schools and their libraries During this same period the profession was honing its national image as a defender of intellectual freedom a proponent of the freedom to read and an opponent of censorship Still the community did not take any unified action to support Brown or to visibly oppose racial segregation As Black school librarians and their Black patrons suffered through the humiliations and hostility of the Jim Crow educational establishment the American library community remained largely ambivalent and silent The book brings to light a distressing history that continues to impact the library community its students and its patrons Currently available school library literature skews the historical perspective that informs the present In Silence or Indifference is the first attempt to establish historical accountability for the systemic racism contemporary school librarianship inherited in the twenty first century
