Black Tides:

Black Tides Paulene Turner,2024-07-18 Look for the plainest treasure in the box the one with no shine And there be the key With another player entering the world of time travel the quest is on Whoever finds the aqua pearl will control the timeline Madison and Riley are once again forced to launch into the past to try to fix the future Press ganged onto a pirate crew with navy ships in pursuit they struggle to keep their footing as they navigate to a mysterious island that appears and disappears with the tides Forming an allegiance with the swashbuckling pirate captain would appear to be the best course But can he be trusted or will he steal the treasure and Maddy s heart as well Some sharks operate in the sea others on deck in this exciting time travel adventure on the high seas A high stakes fast paced time travel adventure in the golden age of pirates

Black Tides Miles O. Hayes,2010-06-28 Black tides of spilled oil pollute the world s coasts with depressing regularity giving scientists ample opportunity to observe their environmental impacts and learn how to clean up and restore the affected shorelines Miles O Hayes has been a leader in this work for over twenty years In this highly readable autobiography he describes his evolution as a scientist his work in coastal oil spill contingency planning and clean up and his personal philosophy of one s relationship with nature A skilled raconteur Hayes tells engrossing stories of responding to most of the recent headline grabbing oil spills including the Gulf War spills the Exxon Valdez the Amoco Cadiz spill in France and the Ixtoc I blowout in Mexico Interspersed among them are personal events and adventures such as his survival of a plane crash while mapping a remote part of Alaska From this life story emerges a compelling statement of the ongoing conflict between environmental preservation and the exploitation of natural resources to sustain our modern society

Black Tide Son H. M. Long,2024-07-09 The Winter Seas series continues as a prisonbreak to save Benedict leaves him Sam and Mary trapped in a desparate race for survival in enemy territory Expect epic adventure intrigue and espionage and fleet battles on the high seas perfect for fans of Adrienne Young L J Andrews and Naomi Novik Samuel and Mary are thriving as privateers on the Winter Seas As they navigate the complexities of their growing bond in a world that would see Mary as chattel to be traded the pair are forging a new better way to live under the sails of Hart But when their latest prize brings tales of Benedict s capture by Mereish forces they must make an impossible choice to serve their nation or save Sam s brother Thrust into a mission of intrigue and infiltration they seek to break into the most secure prison on the Mereish Coast But as they sail deep into enemy territory they find themselves hunted by a cunning and mysterious new foe an enemy who seems to know their every secret and who will kill to keep their own As the Black Tide rises and fleets take to the water Samuel Mary and Benedict are on a desperate race for survival both their own and the free nations of the Winter Seas
