Black Leadership ElDon White, 2026-01-19 A transformational leadership work that integrates identity spiritual purpose discipline resilience and personal truth Through the SUM Framework SEE UNDERSTAND MANIFEST leaders learn to step into calling protect

identity lead with alignment and build generational legacy *Black Power and Black Leaders: a Study of Black Leadership in Cleveland, Ohio* Lawrence Brisker, *Blackwards* Ron Christie, 2012-09-04

The iconoclastic Black Republican strategist calls out leaders who fan the flames of racial rhetoric and sabotage a post racial America The euphoria surrounding Barack Obama s historic election had commentators na vely trumpeting the beginning of a post racial America In *Blackwards* Ron Christie shows that not only is the opposite true but black leadership today is effectively working against this goal by advancing an extremist agenda of separatism and special rights that threatens to point us backward to the days before *Brown v Board of Education* The motto *E pluribus unum* Out of one many speaks to the idea of a melting pot in which Americans of all backgrounds come together to form a strong unified nation But in the race politics of today Christie argues the American melting pot is threatened by what Pulitzer Prize winning liberal historian Arthur Schlesinger Jr warned was the cult of ethnicity in which social divisions are deepened rather than transcended Christie takes on such sacred cows as affirmative action and other race based educational policies and campus programs that in the words of former NAACP officer Michael Meyers place figurative black only signs over certain doorways at America s colleges while only confirming and reinforcing pernicious racial stereotypes Meanwhile the author argues any open debate about such issues has been hijacked by such self appointed spokesmen for black America as Al Sharpton who co opt the public narrative merely by being outspoken and charging racism against anyone who would speak against their political agendas and public grandstanding Tellingly it is within this context that then presidential candidate Obama famously declared he could not disown Reverend Jeremiah Wright for his racist and anti American sermons any more than I can disown the black community Perhaps most important Christie reveals how a separatist mind set has led to a form of selective skin based jurisprudence in the federal government including Attempts by the Congressional Black Caucus to shield black members found to have committed ethics violations The Justice Department s sudden dropping of charges against New Black Panther Party members for voter intimidation during the 2008 presidential election A former trial attorney s admission that Americans would be shocked to learn about the open and pervasive hostility within the Justice Department to bringing civil rights cases against non white defendants on behalf of white victims As African Americans face skyrocketing rates of single parent families and high school dropouts the author urges black American communities to shun the limits of the monolithic politics of victimhood and embrace an open debate of many voices en route to the goal not of a separate Black America but of constructive inclusion in the American melting pot
