THE BLACK REGULARS 1866-1898

WILLIAM A. DOBAK AND
THOMAS D. PHILLIPS

Black Regulars 1866 1898

Christos Frentzos, Antonio Thompson

Black Regulars 1866 1898:

The Black Regulars, 1866-1898 William A. Dobak, Thomas D. Phillips, 2017-01-16 Black soldiers first entered the regular army of the United States in the summer of 1866. While their segregated regiments served in the American West for the following three decades, the promise of Reconstruction gave way to the repressiveness of Jim Crow. But black men found a degree of equality in the service; the army treated them no worse than it did their white counterparts. *The Black Regulars* uses army correspondence, court martial transcripts, and pension applications to tell who these men were, often in their own words, how they were recruited, and how their officers were selected. It also covers how the black regiments survived hostile congressional hearings and stringent budget cuts, how enlisted men spent their time both on and off duty, and how regimental chaplains tried to promote literacy through the army's schools. The authors shed new light on the military justice system, relations between black troops and their mostly white civilian neighbors, their professional reputations, and what veterans faced when they left the army for civilian life.

The Black Regulars, 1866-1898 William A. Dobak, Thomas D. Phillips, 2001 In *The Black Regulars 1866-1898*, the authors shed new light on the military justice system, relations between black troops and their mostly white civilian neighbors, their professional reputations, and what veterans faced when they left the army for civilian life.

The Routledge Handbook of the History of Race and the American Military Geoffrey Jensen, 2016-04-20 *The Routledge Handbook of the History of Race and the American Military* provides an important overview of the main themes surrounding race in the American military establishment from the French and Indian War to the present day. By broadly incorporating the latest research on race and ethnicity into the field of military history, the book explores the major advances that have taken place in the past few decades at the intersection of these two fields. The discussion goes beyond the study of battles and generals to look at the other peoples who were involved in American military campaigns and analyzes how African Americans, Native Americans, Asian Americans, and Chicanos helped shape the course of American History both at home and on the battlefield. The book also includes coverage of American imperial ambitions and the national response to encountering other peoples in their own countries. *The Routledge Handbook of the History of Race in the American Military* defines how the history of race and ethnicity impacts military history over time and comparatively while encouraging scholarship on specific groups, periods, and places. This important collection presents a comprehensive survey of the current state of the field.

The Routledge Handbook of American Military and Diplomatic History Christos Frentzos, Antonio Thompson, 2013-08-29 *The Routledge Handbook of U.S. Military and Diplomatic History* provides a comprehensive analysis of the major events, conflicts, and personalities that have defined and shaped the military history of the United States in the modern period. Each chapter begins with a brief introductory essay that provides context for the topical essays that follow, by providing a concise narrative of the period, highlighting some of the scholarly debates and interpretive schools of thought, as well as the current state of the academic field. Starting after the Civil War, the chapters chronicle America's rise toward empire, first at home and then

overseas culminating in September 11 2001 and the War on Terror With authoritative and vividly written chapters by both leading scholars and new talent maps and illustrations and lists of further readings this state of the field handbook will be a go to reference for every American history scholar s bookshelf Brothers to the Buffalo Soldiers Bruce A.

Glasrud,2011-03-21 During the late nineteenth and early twentieth centuries African American men were seldom permitted to join the United States armed forces There had been times in early U S history when black and white men fought alongside one another it was not uncommon for integrated units to take to battle in the Revolutionary War But by the War of 1812 the United States had come to maintain what one writer called a whitewashed army Yet despite that opposition during the early 1800s militia units made up of free black soldiers came together to aid the official military troops in combat Many black Americans continued to serve in times of military need Nearly 180 000 African Americans served in units of the U S Colored Troops during the Civil War and others from states such as Massachusetts Rhode Island Missouri and Kansas participated in state militias organized to protect local populations from threats of Confederate invasion As such the Civil War was a turning point in the acceptance of black soldiers for national defense By 1900 twenty two states and the District of Columbia had accepted black men into some form of military service usually as state militiamen brothers to the buffalo soldiers of the regular army regiments but American military men regardless Little has been published about them but Brothers to the Buffalo Soldiers Perspectives on the African American Militia and Volunteers 1865 1919 offers insights into the varied experiences of black militia units in the post Civil War period The book includes eleven articles that focus either on Black Participation in the Militia or Black Volunteer Units in the War with Spain The articles collected and introduced by author and scholar Bruce A Glasrud provide an overview of the history of early black citizen soldiers and offer criticism from prominent academics interested in that experience Brothers to the Buffalo Soldiers discusses a previously little known aspect of the black military experience in U S history while deliberating on the discrimination these men faced both within and outside the military Chosen on the bases of scholarship balance and readability these articles provide a rare composite picture of the black military man s life during this period Brothers to the Buffalo Soldiers offers both a valuable introductory text for students of military studies and a solid source of material for African American historians **Army History** ,2007

Unburied Lives Laurie A. Wilkie,2021-09-01 According to the accounts of two white officers on the evening of November 20 1872 Corporal Daniel Talliafero of the segregated Black 9th cavalry was shot to death by an officer s wife while attempting to break into her sleeping apartment at the military post of Fort Davis Texas Historians writing about Black soldiers serving in the West have long accepted the account without question retelling the story of Daniel Talliafero the thwarted rapist In *Unburied Lives* Wilkie takes a different approach demonstrating how we can listen to stories found in things neglected ignored or disparaged documents not consulted architecture not studied material traces preserved in the dirt With a focus on Fort Davis Wilkie brings attention to the Black enlisted men and non commissioned officers In her

archaeological accounting Wilkie explores the complexities of post life racialized relationships Black masculinity and citizenship while also exposing the structures and practices of military life that successfully obscured these men s stories for so long

The Black Citizen-soldiers of Kansas, 1864-1901 Roger D. Cunningham,2008 A straightforward World War I memoir by Horace Baker a Mississippi schoolteacher who took ship for France in the spring of 1918 as a private in the American Expeditionary Forces and soon fought with the Thirty second Division in General Pershing s offensive at the battle of Meuse Argonne Provided by publisher *Buffalo Soldiers* T. G. Steward,2003-09 In an effort to bolster black pride and stem the increasing racism of the age Dr T G Steward chaplain of the U S army s 25th Infantry requested and received permission for the army to publish this fascinating account of the black soldier s military service in Cuba [Encyclopedia of African-American Culture and History](#) Colin A. Palmer,2006 Contains primary source material [America, History and Life](#) ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Mixed Blessing** Hazel M. McFerson,2011 Previous ed Westport Conn Greenwood Press 2002 *Scott's Standard Postage Stamp Catalogue* Scott Publications, Inc,1910 **The Western Historical Quarterly** ,2012 *Utah Historical Quarterly* J. Cecil Alter,2003 List of charter members of the society v 1 p 98 99 *The Book Review Digest* ,2004 [American Book Publishing Record](#) ,2002 **The Fall of a Black Army Officer** Charles M. Robinson,2008 Lieutenant Henry O Flipper was a former slave who became the first African American graduate of West Point While serving as commissary officer at Fort Davis Texas in 1881 he was charged with embezzlement and conduct unbecoming an officer and a gentleman A court martial board acquitted him of the embezzlement charge but convicted him of conduct unbecoming He was then dismissed from the service of the United States Charles M Robinson III challenges the assumption that Flipper was railroaded because he was black and in this complete revision of his earlier work *The Court Martial of Lieutenant Henry Flipper* Robinson finds that Flipper was the author of his own problems *Psychology in the Service of National Security* A. David Mangelsdorff,2006 This volume highlights the diverse contributions of military psychologists toward U S security and toward the discipline of psychology itself The United States Armed Forces have frequently led American culture in personnel and policy changes that the general population had difficulty accepting such as racial integration and the integration of women In addition psychologists in the military have used clinical approaches to post traumatic stress disorder PTSD substance abuse and psychopharmacology that have tested research understanding before widespread use for the general public Currently psychologists are working with policy makers to help the public build resiliency and cope with disasters terrorism and possible threats to the homeland By putting their skills to work in such areas as personnel management ergonomics clinical care training leadership and executive development and social and behavioral research these individuals have transformed psychology into an integrative discipline that now encompasses aspects of health care and other fields such as information technology and disaster management *Psychology in the Service of National Security* includes perspectives of psychologists

and social scientists representing the uniformed services research institutions business and academia Readers interested in the history of psychology will learn how our armed services came to be on the cutting edge in many areas of basic and applied science Readers inside and outside the military will learn lessons from military psychology that they can apply to community based homeland security efforts Court-martial of Apache Kid Clare Vernon McKanna,2009 Traces the 1887 legal odyssey of First Sergeant Kid an Apache scout charged with desertion and mutiny Details Kid s trials by three Arizona Territory legal systems Apache military and civilian and explores the development of military law along with Kid s transition from scout to legendary renegade Provided by publisher
