Black River Canal:

Black River Canal Edward P. Fynmore, Harney J. Corwin, 2005-07 Black River Canal documents in images how a manmade river transformed a region This upper New York State canal was an improbable engineering success In 1825 DeWitt Clinton proposed construction of a canal that would link the Erie Canal at Rome with the Black River at Lyons Falls The idea was well received but the obstacles were great The canal would have to run uphill In the end the 35 mile overland canal required a record 109 locks to negotiate a rise and fall of 1 079 feet Construction was authorized in 1836 and against all odds the Black River Canal was fully operational in 1855 The canal brought a measure of prosperity to an isolated region of the state and promoted development of a wood products industry that continues to this day

Snubbing Posts Thomas Clay O'Donnell, 1949

The Forestport Breaks Michael Doyle, 2004-03-01 The Erie Canal was dying Adirondack sawmills were falling silent And in the final years of the nineteenth century the upstate New York town of Forestport was struggling just to survive Then the canal levees started breaking and the boom times returned The Forestport saloons flourished the town's gamblers rollicked and the politically connected canal contractors were flush once more It was all very convenient until Governor Theodore Roosevelt's administration grew suspicious and the Pinkerton National Detective Agency began investigating They found what a lawman called one of the most gigantic conspiracies ever hatched in New York In The Forestport Breaks Michael Doyle illuminates a fresh and fascinating chapter in the colorful history of the Erie Canal This is the canal's shadowy side a world of political rot and plotting men and it extended well beyond one rough and tumble town The Forestport breaks marked the only time New York officials charged men with conspiring to destroy canal property but they were also illustrative of the widespread rascality surrounding the canal For Doyle there is a story with a personal dimension behind the drama of the canal's historical events As he uncovered the rise and fall of Forestport he was also discovering that the trail of culpability led to members in his own family tree
