*Black Water Transit* Carsten Stroud,2012-01-11 Jack Vermillion is seeing red So is Earl V Pike So is a smart beautiful NYC detective named Casey Spandau For Jack it began when Earl asked for a little favor one former soldier to another With Jack s son in serious trouble with the law and his shipping company Black Water Transit about to hit the big time Jack saw a chance to be a good father a good citizen and a good CEO by ratting out Earl V Pike to the feds It was a monumental mistake Now Pike is mad Bodies are piling up And all the backstabbers are coming out of the woodwork in Jack s rattled world Jack s only hope detective Casey Spandau who began her week hunting for a sex criminal and ended up with Earl V Pike a man using guile skill and one astounding long range weapon to kill everyone who gets in his way For Casey and Jack Vermillion making Earl V Pike angry has turned into a cross country nightmare But taking him down will be even worse From the Paperback edition [The Films of Johnny Depp](#) William B. Parrill,2017-02-10 Since his rise to fame in the television series 21 Jump Street in 1987 and his subsequent transition to film acting Johnny Depp has received constant criticism for his choice of roles at least until his popular turn in the Pirates of the Caribbean series This book aims to reveal the ways in which Depp s choices of film roles though often considered eccentric allowed him to develop into the representative film actor of his time It organizes all of Depp s films chronologically narrating in the process his transition from underestimated teenage pretty boy to bona fide Hollywood hotshot Along the way the book addresses Depp s relationship to earlier film actors especially to Marlon Brando and the silent comics the influence of Depp s androgynous sexuality on both his choice of roles and his acting and his relationships with directors Terry Gilliam and Tim Burton [Encyclopedia of African American Actresses in Film and Television](#) Bob McCann,2022-09-23 The first work of its kind this encyclopedia provides 360 brief biographies of African American film and television actresses from the silent era to 2009 It includes entries on well known and nearly forgotten actresses running the gamut from Academy Award and NAACP Image Award winners to B film and blaxploitation era stars Each entry has a complete filmography of the actress s film TV music video or short film credits The work also features more than 170 photographs some of them rare images from the Schomburg Center for Research in Black Culture **Jet** ,2007-11-12 The weekly source of African American political and entertainment news *Black Water Transit* ,2002 *Shaping the Future of African American Film* Monica White Ndounou,2014-04-29 In Hollywood we hear it s all about the money It s a ready explanation for why so few black films get made no crossover appeal no promise of a big payoff But what if the money itself is color coded What if the economics that governs film production is so skewed that no film by about or for people of color will ever look like a worthy investment unless it follows specific racial or gender patterns This Monica Ndounou shows us is precisely the case In a work as revealing about the culture of filmmaking as it is about the distorted economics of African American film Ndounou clearly traces the insidious connections between history content and cash in black films How does history come into it Hollywood s reliance on past performance as a measure

of potential success virtually guarantees that historically underrepresented underfunded and undersold African American films devalue the future prospects of black films So the cycle continues as it has for nearly a century Behind the scenes the numbers are far from neutral Analyzing the onscreen narratives and off screen circumstances behind nearly two thousand films featuring African Americans in leading and supporting roles including such recent productions as Bamboozled Beloved and Tyler Perry s Diary of a Mad Black Woman Ndounou exposes the cultural and racial constraints that limit not just the production but also the expression and creative freedom of black films Her wide ranging analysis reaches into questions of literature language speech and dialect film images and narrative acting theater and film business practices production history and financing and organizational history By uncovering the ideology behind profit driven industry practices that reshape narratives by about and for people of color this provocative work brings to light existing limitations and possibilities for reworking stories and business practices in theater literature and film
