Blacks On The Move:

Moving North Monica Halpern, Ann Rossi, 2006 After the Civil War the South went through a period of rebuilding termed Reconstruction but because many white people in the South were not ready to accept African Americans as equals unfair laws were passed which restricted the rights of blacks Life was better in the north in many ways for African Americans The 1920s brought jobs and money until The Great Depression hit The Depression made times more difficult and left many homeless and jobless The Harlem Renaissance ended Despite the hard times that followed the Great Migration had brought many blessings for African Americans Way Up North in Louisville Luther Adams, 2010-11-29 Luther Adams demonstrates that in the wake of World War II when roughly half the black population left the South seeking greater opportunity and freedom in the North and West the same desire often anchored African Americans to the South Way Up North in Louisville explores the forces that led blacks to move to urban centers in the South to make their homes Adams defines home as a commitment to life in the South that fueled the emergence of a more cohesive sense of urban community and enabled southern blacks to maintain their ties to the South as a place of personal identity family and community This commitment to the South energized the rise of a more militant movement for full citizenship rights and respect for the humanity of black people Way Up North in Louisville offers a powerful reinterpretation of the modern civil rights movement and of the transformations in black urban life within the interrelated contexts of migration work and urban renewal which spurred the fight against residential segregation and economic inequality While acknowledging the destructive downside of emerging postindustrialism for African Americans in the Jim Crow South Adams concludes that persistent patterns of economic and racial inequality did not rob black people of their capacity to act in their own interests Moving toward Integration Richard H. Sander, Yana A. Kucheva, Jonathan M. Zasloff, 2018-05-07 Reducing residential segregation has proven to be the best way to reduce racial inequality in employment earnings test scores and longevity Moving toward Integration explains why racial segregation has been resilient and how public policy aligned with demographic trends can achieve housing integration within a generation **Blacks on the Move** William P.
