<u>Blade Runner 2</u> K. W. Jeter,1995 In the dark steamy streets of Los Angeles a bounty hunter tracks renegade androids The hunter s work is complicated by having to find a way of prolonging the life of his android love who is programmed to live only four years A sequel to the movie rather than the book   **Blade Runner 2049 and Philosophy** Robin Bunce,Trip McCrossin,2019-08-20 Blade Runner 2049 is a 2017 sequel to the 1982 movie Blade Runner about a world in which some human looking replicants have become dangerous so that other human looking replicants as well as humans have the job of hunting down the dangerous models and retiring destroying them Both films have been widely hailed as among the greatest science fiction movies of all time and Ridley Scott director of the original Blade Runner has announced that there will be a third Blade Runner movie Blade Runner 2049 and Philosophy is a collection of entertaining articles on both Blade Runner movies and on the spin off short films and Blade Runner novels by twenty philosophers representing diverse backgrounds and philosophical perspectives Among the issues addressed in the book What does Blade Runner 2049 tell us about the interactions of state power and corporate power Can machines ever become truly conscious or will they always lack some essential human qualities The most popular theory of personhood says that a person is defined by their memories so what happens when memories can be manufactured and inserted at will We already interact with non human decision makers via the Internet When embodied AI becomes reality how can we know what is human and what is simulation Does it matter Do AI endowed human looking replicants have civil and political rights or can they be destroyed whenever real humans decide they are inconvenient The blade runner Deckard Harrison Ford appears in both movies and is generally assumed to be human but some claim he may be a replicant What s the evidence on both sides Is Niander Wallace the mad scientist cum evil corporate CEO in Blade Runner 2049 himself a replicant What motivates him What are the impacts of decision making AI entities on the world of business Both Blade Runner and Blade Runner 2049 have been praised for their hauntingly beautiful depictions of a bleak future but the two futures are very different and the 2019 future imagined in the original Blade Runner is considerably different from the actual world of 2019 How have our expectations and visions of the future changed between the two movies The dream maker character Ana Stelline in Blade Runner 2049 has a small but pivotal role What are the implications of a person whose dedicated mission and task is to invent and install false memories What are the social and psychological implications of human AI sexual relations   **The Blade Runner Experience** Will Brooker,2005 This text examines Ridley Scott s Blade Runner in context of adaptation both from the original novel but also as graphic novel computer game and series of books It also looks at the identities of the characters particularly with reference to influences and realities   **Blade Runner 2** Kevin W.
