Bleak House Critics Debate:

Bleak House Jeremy Hawthorn,1987 **Critical Essays on Charles Dickens's Bleak House** Elliot L. Gilbert,1989
Each of the eight essays was selected not only for its particular contribution but also as a representative of a class of Dickens criticism such as narrative perspectives psychoanalysis social and historical aspects and linguistic analysis An introduction reviews the history of criticism of the Victorian novel Annotation copyrighted by Book News Inc Portland OR Dickens, Europe and the New Worlds Anny Sadrin,2016-07-27 The essays collected in this volume offer fresh readings of Dickens s travelogues and novels often pointing to the many sidedness of his personality The uncommercial traveller emerges as an ecumenical John Bull chary of the alien but greedy of novelty a man whose incursions on well trodden or unfamiliar ground are always journeys into the uncanny Besides dealing with the geography of the novelist s imagination the book explores numerous new worlds such as the inspiring world of Victorian science and Dickens s responses to it or the world of modern literary theory that shapes our own responses to his work **Nineteenth-century Literature Criticism** Laurie Lanzen Harris,1984-10 Excerpts from criticism of the works of novelists poets playwrights short story writers and other creative writers who lived between 1800 and 1900 from the first published critical appraisals to current evaluations **Articulating Bodies** Kylee-Anne Hingston,2019 Articulating Bodies shows how Victorian fiction s narrative form as well as narrative theme to negotiate how to categorize bodies both constructing and questioning the boundary dividing normalcy from abnormality **David Copperfield** Charles Dickens,2006-02-07 Like so many fond parents I have in my heart of hearts a favourite child wrote Charles Dickens And his name is David Copperfield Of all of Dickens s novels David Copperfield most closely reflects the events of his own life The story of an abandoned waif who discovers life and love in an indifferent world this classic tale of childhood is populated with a cast of eccentrics innocents and villains who number among the author s greatest creations David Copperfield is filled with characters of the most astonishing variety vividness and originality noted Somerset Maugham They are not realistic and yet they abound with life There never were such people as the Micawbers Pegotty and Barkis Traddles Betsey Trotwood and Mr Dick Uriah Heep and his mother They are fantastic inventions of Dickens s exultant imagination but they have so much vigor they are so consistent they are presented with so much conviction that you believe in them They are extravagant but not unreal and when you have once to know them you can never quite forget them T S Eliot agreed Dickens excelled in character in the creation of characters of greater intensity than human beings And Virginia Woolf concluded In David Copperfield though char acters swarm and life flows into every creek and cranny some common feelings youth gaiety hope envelops the tumult brings the scattered parts together and invests the most perfect of all the Dickens novels with an atmosphere of beauty The Modern Library has played a significant role in American cultural life for the better part of a century The series was founded in 1917 by the publishers Boni and Liveright and eight years later acquired by Bennett Cerf and Donald Klopfer It provided the foun dation for their next publishing
