Briefe Über Cezanne:

Briefe Über Cezanne Rainer Maria Rilke, 1952 **Rilkes "Briefe über Cézanne"** Konstantin Imm, 1986 Rilkes ebenso kurze wie intensive Beschäftigung mit dem Werk Cézannes im Oktober 1907 wurde von der Philologie bisher wenig beachtet und lediglich als biographisches Beiwerk zur literarischen Produktion eingeschätzt. Eine erste intensive Auseinandersetzung mit dem Wortlaut der Briefe über Cézanne zeigt aber die komplexen Formqualitäten des Textes dessen Autonomie ihn aus der Bindung an den Lebenslauf des Dichters löst. Das eigenständige Werk markiert dann idealtypisch jenes narrative Grenzland von Dokumentation Fiktion Historie und Theorie in welchem noch die neueste Kulturgeschichte oft herumirrt. *Letters on Cézanne* Rainer Maria Rilke, 2002-09-15 Rilke's prayerful responses to the french master's beseeching art. For a long time nothing and then suddenly one has the right eyes. Virtually every day in the fall of 1907 Rainer Maria Rilke returned to a Paris gallery to view a Cézanne exhibition. Nearly as frequently he wrote dense and joyful letters to his wife Clara Westhoff expressing his dismay before the paintings and his ensuing revelations about art and life. Rilke was knowledgeable about art and had even published monographs including a famous study of Rodin that inspired his *New Poems*. But Cézanne's impact on him could not be conveyed in a traditional essay. Rilke's sense of kinship with Cézanne provides a powerful and prescient undercurrent in these letters. Passages from them appear verbatim in Rilke's great modernist novel *The Notebooks of Malte Laurids Brigge*. *Letters on Cézanne* is a collection of meaningfully private responses to a radically new art. *Horizonte verschmelzen* Hans Richard Brittnacher, 2007 **Rilke's Russia** Anna A. Tavis, 1994 Explores the biographical and textual evidence of Russia's importance in shaping the writer Rainer Maria Rilke's aesthetic perception. During Rilke's two trips to Russia at the turn of the century he made connections with a number of important artists including Leo Tolstoy and Nikolai Leskov and the author traces the impact of these meetings and other experiences in Russia upon Rilke's writing. The Poet as Phenomenologist Luke Fischer, 2015-02-26

The Poet as Phenomenologist Rilke and the New Poems opens up new perspectives on the relation between Rilke's poetry and phenomenological philosophy illustrating the ways in which poetry can offer an exceptional response to the philosophical problem of dualism

Drawing on the work of Husserl Heidegger and Merleau Ponty Luke Fischer makes a new contribution to the tradition of phenomenological poetics and expands the debate among Germanists concerning the phenomenological status of Rilke's poetry which has been severely limited to comparisons of Rilke and Husserl

Fischer explicates an implicit phenomenology of perception in Rilke's writings from his middle period 1902-1910

He argues that Rilke cultivated an artistic perception that in a philosophically significant manner overcomes the opposition between the sensuous and the intelligible while simultaneously transcending the boundaries of philosophy

Fischer offers novel interpretations of central poems from Rilke's *Neue Gedichte* 1907 and *Der neuen Gedichte anderer Teil* 1908 and frames them as the ultimate articulation of Rilke's non-dualistic vision

He thus demonstrates the continuity between Rilke and phenomenology while arguing that poetry in this case provides the most adequate response to a philosophical problem

Cézanne in Provence Evmarie Schmitt, 1995

Paul Cézanne was for the most part self-taught

Denied official recognition in Paris he returned again and again to Provence to create his own style largely independent of other artists' influence

The author outlines the development of that style against the background of Cézanne's personal life the close friendship with Emile Zola during the artist's happy childhood in Aix his fight to pursue an artistic career despite an antagonistic father his extended sojourns in Paris and his acquaintance there with the impressionists his relationship with and eventual marriage to the artist's model Hortense Fiquet and the lonely final years devoted with obsessive single-mindedness to the realization of an artistic vision that laid the foundations of modern art

While including discussion of Cézanne's still lifes and Bathers series the book focuses on his images of Provence the coast near Marseille the villages around Aix and Mont Sainte Victoire

Reproductions of some 50 oil paintings and of several watercolors and drawings testify to the enduring fascination that this countryside held for Cézanne and to its formative influence on his art
