Dresden, 10.09.2021

Lieber Paul,

vielen Dank für deinen Brief. Ich habe mich sehr gefreut. Du hast einen schönen Namen für deinen kleinen Hund ausgesucht. Kannst du ihn mitbringen, wenn du mich besuchen kommst?

Ich mag Tiere sehr gern. In den Ferien fahre ich nach deinem Besuch mit meinen Eltern auf einen Bauernhof. Ich freue mich am meisten darauf, dass wir dem Bauern bei der Arbeit helfen dürfen.

Wirst du auch mit deiner Familie wegfahren?

Ich bin gespannt auf deinen nächsten Brief.

Viele Grüße

Lucas

Briefe Constantin Frantz:

Constantin Frantz Gustav Adolph Constantin Frantz, 1974 The Berlin Antisemitism Controversy Frederick C. Beiser, 2024-04-16 After a long struggle Jewish emancipation was formally completed in Germany in 1871 when Wilhelm I abolished religious discrimination across the entire Reich Yet the very same decade witnessed a new wave of antisemitism one more vicious and virulent than anything before At its centre was what is known as The Berlin Antisemitism Controversy How can this rise of antisemitism be explained when further liberal reform was expected Can it help us understand the tide of antisemitism that was to engulf Germany fifty years later In this outstanding book by a leading scholar of German philosophy Frederick C Beiser argues that to understand modern antisemitism we must go back in history Beginning with the background of the controversy and examining the most important antisemitic thinkers of the 1870s and 1880s he brilliantly analyses the beginnings of modern antisemitism in Germany Beiser challenges received scholarship that the rise of antisemitism was caused by a failure of the Jews to assimilate and criticises the view held by Hannah Arendt that antisemitism was at its peak when Jews were perceived to be powerless and had lost their roles in government and finance He argues instead that it was fuelled by a fear of Jewish domination that took multiple forms Exploring antisemitism from both a historical and philosophical perspective he situates antisemitism in relation to such fundamental questions as the conditions for citizenship in the modern state what is meant by nationality and what role religion should play in the state He also vividly and expertly analyses the writings and arguments of those involved in the antisemitism crisis of the 1870s including Wilhelm Marr Constantin Frantz and Adolf Treitschke and thinkers who are here examined in English for the first time The Berlin Antisemitism Controversy sheds much needed light on an episode whose shockwaves resonate today It is a superb account of a crucial period of not only German but also European and Jewish history and essential reading for anyone interested in the causes and roots of antisemitism in Germany and beyond The States of the Earth Mohamed Amer Meziane, 2024-04-09 An extraordinary book Mohamed Amer Meziane's breathtaking analysis of the making of fossil states opens to a new genre of history writing where the very layers of earth's riches are at its center Ann Laura Stoler author of *Carnal Knowledge and Imperial Power Along the Archival Grain* How the disenchantment of empire led to climate change While industrial states competed to colonize Asia and Africa in the nineteenth century conversion to Christianity was replaced by a civilizing mission This new secular impetus strode hand in hand with racial capitalism in the age of empires a terrestrial paradise was to be achieved through accumulation and the ravaging of nature Far from a defence of religion The States of the Earth argues that phenomena such as evangelism and political Islam are best understood as products of empire and secularization In a world where material technology was considered divine religious and secular forces both tried to achieve Heaven on Earth by destroying Earth itself *German History, 1770-1866* James J. up to the Austro Prussian war of 1866 **Hitler's Bavarian Antagonist** Gregory Munro,2006 This work examines an important but previously relatively unknown chapter in the Roman Catholic opposition to the rise of the Nazi Party between 1929 and 1933 In 1929 Dr Georg Moenius a Catholic priest from the Archdiocese of Bamberg became editor of the highly respected Munich weekly journal the Allgemeine Rundschau Under Moenius leadership the journal launched a fearless and bitter critique on the rise of the German right wing extremist groups and the anti Christ of the National Socialist Party Adolf Hitler **Konstantin Frantz' Schriften und Leben** Eugen Stamm,1907 *Konstantin Frantz' Jugendjahre und erste Schriften.
