anglers the day's catch he may as well be speaking to another deeper accomplishment of the best fishermen and
fisherwomen the preservation of natural resources Backcasts celebrates this centuries old confluence of fly fishing and
conservation However religious however patiently spiritual the tying and casting of the fly may be no angler wishes to wade
into rivers of industrial runoff or cast into waters devoid of fish or full of invasive species like the Asian carp So it comes as
no surprise that those who fish have long played an active foundational role in the preservation management and restoration
of the world's coldwater fisheries With sections covering the history of fly fishing the sport's global evolution from the rivers
of South Africa to Japan the journeys of both native and nonnative trout and the work of conservation organizations such as
the Federation of Fly Fishers and Trout Unlimited Backcasts casts wide Highlighting the historical significance of outdoor
recreation and sports to conservation in a collection important for fly anglers and scholars of fisheries ecology conservation
history and environmental ethics Backcasts explores both the problems anglers and their organizations face and how they
might serve as models of conservation in the individual trout streams watersheds and landscapes through which these waters
