Bring Out Your Dead:

Bring Out Your Dead Chad Davidson, 2024 Could the shock rock 70s band Kiss in any way affect the outcome of a death dealing twenty first century virus Is Bob Ross that permed inimitable painter of Edenic nostalgia on PBS actually an emissary from the land of personal loss How could the work of Edward Hopper caught as it is in that sticky nearly post Victorian amber prove the ideal backdrop to a global plague What is the grammar finally of grief of isolation What is the syntax of omen augur and portent The essays in Chad Davidson s *Bring Out Your Dead* Elegies from the Plague Year mainly concern the loss of the author s father directly before the onset of the COVID 19 pandemic and the ways in which the pandemic itself provided a strangely ideal backdrop to grieving Refracted through the kaleidoscopic yet strangely stagnant isolation period in the first year of COVID 19 his father s death in some ways another plague visited on the author found its way into all his waking hours coloring whatever he tried to write particularly when he tried not to Friends both lost and nearly so the burning of Notre Dame in Paris even the seemingly inconsequential discovery of a rash of chew toys in the yard these events assumed unmistakable gravity considered in the midst of a pandemic and the ruins of personal grief *Bring Out Your Dead* adds Davidson s father to the growing list of loved ones lost in and in this case right before the pandemic It s a memorial of sorts given over to a father s memory and the grief endured living through dueling plagues one viral the other psychological Ultimately though the book is more about the ways we eulogize how we remember those who are gone why their memories persist and what summons them back into our thoughts our language and our lives
