Through the Looking Glass: Byzantium through British Eyes Robin Cormack,Elizabeth Jeffreys,2016-12-05 The papers in this volume derive from the 29th Spring Symposium of Byzantine Studies This was held for the Society for the Promotion of Byzantine Studies in the University of London in March 1995 in order to complement the British Museum exhibition Byzantium Treasures of Byzantine Art and Culture The objective of the symposium was to explore the ways in which British scholars travellers novelists architects churchmen and critics came into contact with Byzantium and how they perceived what they saw The present volume sets out some of the results of this enquiry Byzantium is treated both as a source of influence on British culture as well as an idea which British culture constructed in different ways in different periods of history To give some comparative context attention is also paid to attitudes towards Byzantium in continental Europe Papers deal amongst other topics with the collecting of objects representative of Byzantine culture and with the changing appreciation of Byzantine manuscripts They also include a series of case studies of individual historians and Byzantinists and two deal in particular with Ruskin who emerges as a perceptive 19th century critic of Byzantine culture Through the Looking Glass is volume 7 in the series published by Ashgate Variorum on behalf of the Society for the Promotion of Byzantine Studies
