**The Britannia Obsession** Brett Woods, 1988     A Magnificent Obsession Helen Rappaport, 2012-03-13 From the New York Times bestselling author of *The Rebel Romanov* an absorbing account of the making of a queen through her awful protracted grief Kirkus Reviews As she did in her critically acclaimed *The Last Days of the Romanovs* Helen Rappaport brings a compelling documentary feel to the story of this royal marriage and of the queen's obsessive love for her husband a story that began as fairy tale and ended in tragedy After the untimely death of Prince Albert the queen and her nation were plunged into a state of grief so profound that this one event would dramatically alter the shape of the British monarchy For Britain had not just lost a prince during his twenty year marriage to Queen Victoria Prince Albert had increasingly performed the function of King in all but name The outpouring of grief after Albert's death was so extreme that its like would not be seen again until the death of Princess Diana 136 years later Drawing on many letters diaries and memoirs from the Royal Archives and other neglected sources as well as the newspapers of the day Rappaport offers a new perspective on this compelling historical psychodrama the crucial final months of the prince's life and the first long dark ten years of the Queen's retreat from public view She draws a portrait of a queen obsessed with her living husband and after his death with his enduring place in history *Magnificent Obsession* will also throw new light on the true nature of the prince's chronic physical condition overturning for good the 150 year old myth that he died of typhoid fever     Obsession and Culture Andrew Brink, 1996 Many twentieth century novelists speak for a male psycho class needing imaginative externalization of obsessive sexual fantasies of control of women Attraction avoidance and guilt are powerful motivators for writers and readers alike and the moral ambiguity of serial monogamy as well as other forms of exploitative sexuality prompt certain writers to construct symbolic expiation and repair in fiction     Britannia's Empire Bill Nasson, 2004 A history of the British Empire from an entirely fresh perspective More than Shakespeare more than the invention of the railway it was Empire which made Britain into Great Britain By the early 20th century that Empire covered around a quarter of the earth's surface and embraced more than a quarter of its inhabitants     **Obsession** Penelope Neri, 2003 As a vicious killer terrorizes London's West End in October 1888 a young woman hopes a devilishly handsome doctor will be able to ease her fears and unlock her deepest desires Original     **Hedge Britannia** Hugh Barker, 2012-05-10 Celebrating the history and the glory of the British hedgerow     Britannia's Children Kathryn Castle, 1996 Many European countries their imperial territories and rapidly Europeanising imitators like Japan established a powerful zone of intellectual ideological and moral convergence in the projection of state power and collective objectives to children This book is an introduction to the imperial images of the Indian African and Chinese created for the youth of Britain through their history textbooks and popular periodicals Focusing on materials produced for children by textbook historians and the popular press it provides a study of both the socialization of the young and the source of race perceptions in 20th century British society Against a backdrop of promoting the

wonderful development of the Anglo Saxon race textbook historians approached British India as the primary example of imperial achievement Chinese characters continued to feature in the periodicals in a variety of situations set both in China and the wider world Africa was a favoured setting for adventure in the years between the world wars and African characters of long standing retained their popularity While much of the improving material began to disappear reflecting the move toward a youth centred culture Indian African and Chinese characters still played an important role in stories and features The images of race continued into the inter war years The book shows how society secures the rising generation in the beliefs of the parent society and how the myths of race and nationality became an integral part of Britain s own process of self identification

Backscheider,2005-12-31 Co Winner James Russell Lowell Prize Modern Language Association This major study offers a broad view of the writing and careers of eighteenth century women poets casting new light on the ways in which poetry was read and enjoyed on changing poetic tastes in British culture and on the development of many major poetic genres and
