## **Civilized Demons:**

*The Civilized Demons: The Harappans in Rigveda* Malati J. Shendge, 2003-06 Myth and mysticism have reigned supreme in Rgvedic interpretation for more than two millennia and a half Even now it cannot be said to be free of these This study aims at completing the process of rational inquiry in Rgveda begun two centuries ago It leaves behind myths and mystic experiences simultaneously drawing the line between fact and fancy which has eluded the scholars Two types of evidence literary and archaeological have been used Literary evidence ranges from Rgveda to the Brahmanas The Archaeological material covers pre Harappan Harappan and post Harappan levels Through the interdisciplinary approach consisting of linguistic anthropological and symbolical analysis of the material the study emphasizes a consistently rational attitude to the study of Rgveda In fact as the study amply demonstrates the fresh air of reason may change our understanding of Rgveda and also of ancient Indian history Rgvedic hymns from this viewpoint may probably prove to be a valuable source of information of the historical events which led to the downfall of the pre Aryan Indus civilization This is correlated to the archaeological material available on the Harappan sites This is the first investigation of its kind and the conclusions of the study are no less original Besides establishing the rationality of the Rgvedic narratives it shows the events and their agents to be historical in the light of available archaeological material The theory and the approach hold out a promise and may transform our understanding of these ancient compositions from myth to history *The Civilized Demons* Malati J. **Lineages Embedded in Temple Networks** Richard G. Wang,2023-11-20 Lineages Embedded in Temple Networks explores the key role played by elite Daoists in social and cultural life in Ming China notably by mediating between local networks biological lineages territorial communities temples and festivals and the state They did this through their organization in clerical lineages their own empire wide networks for channeling knowledge patronage and resources and by controlling central temples that were nodes of local social structures In this book the only comprehensive social history of local Daoism during the Ming largely based on literary sources and fieldwork Richard G Wang delineates the interface between local organizations such as lineages and temple networks and central state institutions The first part provides the framework for viewing Daoism as a social institution in regard to both its religious lineages and its service to the state in the bureaucratic apparatus to implement state orthodoxy The second part follows four cases to reveal the connections between clerical lineages and local networks Wang illustrates how Daoism claimed a universal ideology and civilizing force that mediated between local organizations and central state institutions which in turn brought meaning and legitimacy to both local society and the state

*China* John Lagerwey,2010-12-01 Over the last 40 years our vision of Chinese culture and history has been transformed by the discovery of the role of religion in Chinese state making and in local society The Daoist religion in particular long despised as superstitious has recovered its place as the native higher religion But while the Chinese state tried from the fifth century on to construct an orthodoxy based on Confucianism Daoism and Buddhism local society everywhere carved out for itself its own geomantically defined space and organized itself around local festivals in honor of gods of its own choosing gods who were often invented and then represented by illiterate mediums Looking at China from the point of view of elite or popular culture therefore produces very different results John Lagerwey has done extensive fieldwork on local society and its festivals This

book represents a first attempt to use this new research to integrate top down and bottom up views of Chinese society culture and history It should be of interest to a wide range of China specialists students of religion and popular culture as well as participants in the ongoing interdisciplinary dialogue between historians and anthropologists John Lagerwey is professor of Daoist history at the cole Pratique des Hautes tudes and of Chinese studies at the Chinese University of Hong Kong He is author of Taoist Ritual in Chinese Society and History and editor of the 30 volume Traditional Hakka Society Series as well as the recently published four volume set Early Chinese Religion **Guardian's Grace** Jacqueline Rhoades,2012 Guardian s Grace A Paranormal Romance filled with action laughter and love Grace Masters always wanted a family she could call her own Of course in her imagination it didn t include a pair of rambunctious and affectionate twins who could turn into killers within the blink of an eye or an aging vampire who has trouble controlling his thirst She never expected to find a friend and mentor in a three hundred year old witch who looks like Sophia Loren And she certainly never dreamed okay she dreamed but never thought it would come true of a tall handsome hero who would sweep her off her feet Yet here she is in an old Victorian home living and loving under the cover of night Who knew that the source of her lifelong torment was really her gift as a Daughter of Man or that this gift could be controlled and used for something good Who knew there was another race called the Paenitentia who live side by side with humans Who knew that demons are real Grace certainly didn t until one fateful night when her world falls apart and comes together again in a place where she finally belongs Sometimes a person just knows when something is right and destined to be Sometimes convincing someone else of that fact is a little more difficult Canaan ad Simeon is that someone else Canaan is Liege Lord to a House of Guardians whose job is to protect the Race from a demon threat many no longer believe in Already breaking away from the outdated traditions that are depleting their numbers and threatened by a hierarchy resistant to change the last thing Canaan needs is to fall for this innocently sexy Daughter of Man But fall he does with a mixture of comedy drama and a tantalizing love story that will touch your heart Zibuyu, "What The Master Would Not Discuss", according to Yuan Mei (1716 - 1798): A Collection of Supernatural Stories (2 vols) Paolo Santangelo,2013-07-04 Although the preface says that the tales in this collection of supernatural stories should not be taken seriously and just aim to dispel boredom Zibuyu is a work with different reading levels which allows to uncover several deep trends taboos and fantasies of late imperial intellectual circles Disgust surprise and laughter are constantly evoked by continually attracting and repulsing the reader Yuan Mei s approach guides the reader to an adventure in the dangerous recesses of the self It is a sort of allegoric fantastic reflection on the relative and polyphonic essence of human beings the multiplicity of selves from psychological perception and a challenge to the traditional biographical and historical perspective for the unreliability of destiny Dreams madness delusions and other extreme cognitive and affective conditions abnormal events gods and spirits and the dark world of death lead to a reversal of perspective and destroy the Apollonian vision of the social centered Confucian orthodoxy With introduction translation and
