Mao was a Yale Man - A Yali with Skull and Bones

"By about the year 2000 Communist China will be a "superpower" built by American technology and skill."

Antony C. Sutton, American Secret Establishment published 1984

<http://www.thecrowhouse.com/forum/viewtopic.php?f=1&t=1888>

Student Mao Zedong & Yale in China

"The fundamental difference between a "New World Order" under the United Nations and an independent United States are nowhere more clearly indicated than in our 'Declaration of Independence' affirmation that "men are endowed by their Creator with certain unalienable rights." The UN's total exclusion of God means that rights do not come from God, (but) that they proceed from government, and government can take them away.

Skull and Bones reaches to all the leaders around the world and this may explain Bush's obsessive support of China, regardless of the human rights violations and arsenal buildup.

"Skull and Bones is a secret fraternity at Yale University which restricts their membership to only fifteen per year. . The society was formed in 1832 by General William Russell, whose shipping firm later dominated the U.S. side of the China opium trade. Yale University was founded by Eli Yale, who made his fortune working for the opium smuggling British East India Company.

"Skull and Bones became the recruiting grounds and preserve of the most important New England-centered families--families who also made their money in the opium trade. These families, whose sons regularly join Skull and Bones, include the little known, but powerful, Coffins, Sloanes, Tafts, Bundys, Paynes, Whitneys. They are a dominant element of the U.S. 'Eastern Establishment' to this day. The Bush family is one of a cluster of lower-level Establishment families controlled by these interests.
