## **And The Running Form Naked Blake:**

And the Running Form, Naked, Blake Jack Grapes, 1995-01-01 Poetry Art A chapbook of poems and paintings **A Draft of XXX Cantos** Ezra Pound, 1990 The Cantos have been called Ezra Pound's intellectual diary composed over the course of sixty years Long out of print as a separate volume it was originally published in 1933 this epic of nine groupings of poems is now being issued as a New Directions Paperback Pound's Cantos Declassified Philip Furia, 1990-12-13 By using his Cantos for storing making new and transmitting historical documents Pound was returning the epic to its ancient function as a tribal archive for the luminous details of history that define a culture's past and shape its future So argues this book which does not overlook the poem's brilliant lyrical passages but for the first time focuses on those vast stretches of Pound's epic composed not of literary touchstones but of that most unpoetic of literary forms historical documents Pound's task as epic poet was complicated by the fact that the documents he wished to renew and transmit to his culture were largely unknown often because in his mind they had been suppressed by a widespread conspiracy throughout the ages which he termed the historical black out His Cantos therefore he believed must be a counter conspiracy to rescue vital documents from that black out renew them and then recirculate them to combat the economic and political forces behind the black out Drawing on recent research by numerous scholars Furia traces the arcane documents Pound unearthed from libraries around the world and shows how he transmuted this documentary mass into poetry first by framing passages of prose to highlight their poetic texture and then by weaving these shards and fragments into a collage of intricate structure Among the documents Furia declassifies are Chinese edicts Italian bank charters British factory commission reports Byzantine guild regulations American Presidential papers municipal records judicial writs parliamentary statutes legislative codes contracts deeds mandates treaties diary entries and correspondence by such diverse figures as Lorenzo de Medici Martin Van Buren Napoleon Eleanor of Aquitaine Mustapha Kemal and Kubla Khan Pound's Cantos Declassified traces the poet's struggle to shape the content of the epic poem that absorbed most of his creative life *Many Gods and Many Voices* Louis Lohr Martz, 1998 Martz English emeritus Yale argues that the prophetic tradition with its focus on the evils of the present as well as the possibilities of redemption should be understood as an integral component of both the texture and contents of works by such modernist poets as Ezra Pound William Carlos Williams T S Eliot and others Biblical prophecy he asserts is an important precedent for the tone and subject matter of these poets works Annotation copyrighted by Book News Inc Portland OR **New Selected Poems and Translations** Ezra Pound, 2010 The essential collection of Ezra Pound's poetry newly expanded and annotated with essays by Richard Sieburth T S Eliot and John Berryman **Marianne Moore, Subversive Modernist** Taffy Martin, 2014-08-27 Myth and misconception have obstructed a clear understanding of the poetry and person of Marianne Moore In this groundbreaking study Taffy Martin delves beneath the layers of myth and recaptures the excitement that Moore's contemporaries particularly William Carlos Williams felt when they encountered her poetry She reveals that far from

being a staunch upholder of Modernist order and stasis Moore continually undermines the stability of her own medium language Unlike the writings of other Modernist poets such as T S Eliot who tried to create islands of order in the seas of twentieth century fragmentation Moore s work shows surprising awareness of that fragmentation In this way she anticipates the thematic preoccupation of Postmodernist writers and critics In Marianne Moore Subversive Modernist Taffy Martin combines traditional scholarship and contemporary critical theory to create a feminist reading of one of the twentieth century s most difficult poets In so doing she places Moore in the tradition of Modernism defines Moore s quarrels with it and thus produces a broader understanding of both the poet and the movement Drawing on Moore s unpublished correspondence her reading notebooks and her workbooks as well as feminist criticism s attention to writers who elude traditional critical approaches this excellent study provides much needed insights into the Modernism life and art of Marianne Moore

Pound's Epic Ambition Stephen Sicari,1991-09-27 This book is both an introductory overview of *The Cantos* and a detailed analysis advancing the knowledge of even the most sophisticated specialist Sicari s analysis gives a clear orientation to the often bewildering but ultimately rewarding world of this difficult epic poem and shows that beneath the surface of the poem is the classical figure of the epic wanderer whose journey provides the plot of the poem Non specialists will appreciate Sicari s synthesis of a wide range of material Sicari explores how Dante and the epic tradition informs *The Cantos* those interested in the epic should find Sicari s study an important contribution to the field Those studying modernism in general will see in Sicari s definition of the modern epic useful ways to study the other great achievements of high modernism especially those of Yeats Eliot and Joyce Those interested in the relation between literature and politics will find this book especially informative for Sicari is one of the few critics on Pound who does not ignore Pound s politics or simply castigate him for the unfortunate views he adopts and advocates The analysis of Pound s fascism is a sub theme that sheds new light on how politics enters a great modernist poem and affects its shape and intention **The Cantos of Ezra Pound** Ezra

Pound,1996 *The Cantos of Ezra Pound* is the most important epic poem of the twentieth century **Talking Back to Emily Dickinson and Other Essays** William H. Pritchard,1998 This collection makes the case for literary criticism as an informed aggressive personal and often humorous response to writers and writing An unrepentant academic William Pritchard nonetheless finds himself looking vainly in much current professional study of literature for what he sees as criticism s central task This involves in part an attentiveness to the performing voice of the novelist poet or essayist under discussion To bring out that quality the critic must exploit with invention and intrepidity his or her own responsive voice must talk back to the work of art **The Axis of Eros** Walter M. Spink,1975 *I Cantos Di Ezra Pound* Ezra Pound,1963 **University of Virginia Magazine** ,1919 *Onthebus* ,1999 *Whitman's Visual Imagination* Reece Alexander Bond,1971 On the Bus Jack Grapes,1997-03 *Modern Poetry, American and British* Kimon Friar,John Malcolm Brinnin,1951 Theories of Literary Genre Joseph Strelka,1978 The problem of literary genre and the theories dealing with it concern some of the most

central and significant questions of literary criticism as well as of literary history It is not only one of the oldest but also one of the most genuinely literary principles of order in literary studies There seems however to be little agreement on how to use the concept of genre to create such order Indeed the concept of genre itself has been repeatedly questioned by recent criticism This book contains a comparative cross section of essays that offer different opinions and viewpoints on theories of literary genre Rather than dealing with the detailed problems inherent in various concepts of specific historical kinds of literature elegy hymn ode the chapters are concerned with basic general categories such as poetry and fiction They examine the possibilities and limitations of their usefulness as well as the theories underlying their history and structure An attempt is made to inform about the most important basic theories put forth by the different schools of thought in generic criticism

**Breaking Down the Surface of the World** Jack Grapes,1996 Geography is the first of three sections of an extended poetic sequence The haunting world of buried memory gives the poem epic dimension as the poet fuses cultural and historical forces with personal memory Breaking Down weaves a narrative form with the meditative lyric and the fragmented visions of the Surrealists

**Emotional Illness and Creativity** Richard D. Chessick,1999 In these hilarious board books Little Princess discovers all sorts of wonderful things She learns about the delights of ever changing weather She thinks she d love to have a pet until she finds out about the work involved and is not at all pleased at the prospect of a bedtime bath Irrepressible Little Princess is full of energy and is eager to learn about the world Parents and toddlers alike will be charmed by her amusing antics in these appealing concept books for the very young
