Anatomy Of Literary Studies:

The Anatomy of Literary Studies (Routledge Revivals) Marjorie Boulton, 2014-06-17 First published in 1980 The Anatomy of Literary Studies provides students of English Literature with a clearer understanding of the significance and scope of the subject and a comprehensive background to its study It gives pointers towards intellectual integrity and advice on independent study libraries essay writing and examinations This reissue of Marjorie Boulton's classic work will be of particular value to students studying English at university or those applying to a course who would like a fuller understanding of what it might entail

Anatomy of Criticism Northrop Frye, 2020-05-19 A landmark work of literary criticism Northrop Frye's Anatomy of Criticism is the magnum opus of one of the most important and influential literary theorists of the twentieth century Breaking with the practice of close reading of individual texts Frye seeks to describe a common basis for understanding the full range of literary forms by examining archetypes genres poetic language and the relations among the text the reader and society Using a dazzling array of examples he argues that understanding the structure of literature as a total form also allows us to see the profoundly liberating effect literature can have

The Anatomy of Influence Harold Bloom, 2011-05-03 Bloom leads readers through the labyrinthine paths which link the writers and critics who have informed and inspired him for so many years

The Reception of Northrop Frye, 2021-08-31 The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton's 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us such as Hayden White's theory of emplotments applied to historical writing and Byron Almén's theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is a very large and growing number the growth being not incremental but exponential

Northrop Frye on Myth Ford Russell, 2021-10-28 Northrop Frye differed from other theorists of myth in tracing all of the major literary genres romance comedy satire not just tragedy to myth and ritual This volume is the most thorough presentation of his thinking on the subject
