Subversive Semantics in Political and Cultural Discourse Gesa Mackenthun, Jörn Dosch, 2023-09-01 The large scale use of semantic transfer and inversion as rhetorical tactics is particularly prevalent in right wing discourses and populist alternative knowledge production The contributors to this volume analyze processes of re semanticizing received meanings effectually re coding those meanings They investigate to what extent rhetorical maneuvers serve to establish new and powerful belief systems beyond rational and democratic control In addition to the contemporary rightwing and conspiracy narratives the contributions examine the discursive fields around conceptions of human nature and the deep past population politics gender conceptions use of land identity politics nationhood and cultural heritage The Seduction of Pessimism in the Novel Tom Ribitzky, 2024-10-31 This book explores the novel as a response to the Platonic myth that narrates the rift at the core of our being Eros is supposedly the consolation for this rift but it expresses itself in the novel as the sigh of a world on its way out

COWS on the MOOVE Old Man Crowe, 2013-08-22 Welcome to a Paradelle Universe where rigid rules are transcended and creative imagination discovers ever surprising potentialities A universe where formalized and uncompromising poetic structures succumb to a radicalized deconstruction of their basic elements then reconstructed through an almost word by word re ordering and reinvention of the poems original meaning images and intent The Paradelle is a form of poetry whose time is now a time of stagnating social theories fossilized religious traditions and a political system paralyzed by its own impossibilities A time of constant unrelenting change and adaptation of innovative ideas reconfiguring outdated concepts and beliefs of individual and collective human consciousness expanding beyond existing borders and horizons A Paradelle reflects this evolving planetary process in the fundamental reinvention of itself never exactly certain of where its going or how it will get there yet always managing to arrive at the coherent conclusion of its revealed destination Even then the Paradelle refuses to become a static statement of all that has been said and done The poem learns from each rewriting how to speak for itself All that a Paradelle asks for is a fair hearing To be given a voice for the blessing of living breath *Building Love That Lasts* Clinton Callahan, 2019-09-15 Clinton Callahan is an original thinker Marilyn Ferguson author *The Aquarian Conspiracy* and *Aquarius Now* and former editor *Brain Mind Bulletin* For modern seekers responding to the call for initiation into relationship here is an open invitation MALIDOMA SOME AUTHOR OF WATER AND THE SPIRIT It s one of those rare books that will definitely wake you up I consider it must reading for anyone seriously interested in the path of conscious relationship John Welwood author of *Journey of the Heart* and *Perfect Love Imperfect Relationships* This hard hitting and innovative book about partnered relationship immediately challenges the deceptions about love and intimacy rampant in today s patriarchal culture At the same time *Building Love That Lasts* reveals a step by step process for discovering and living out alternative possibilities The author claims that even the best of our relationships are still generally basic level what he calls *Ordinary Human Relationship* He asserts that two more domains remain to be explored namely *Extraordinary Human*

Relationship and Archetypal Love The book describes exactly how to enter these new domains and how to stay there long enough to cultivate genuine intimacy nurturance excitement and satisfaction together The material for this book is startlingly original and fresh directly distilled from over thirty years of trial error and reevaluation within seminars and trainings conducted by the author in the U S and Europe The essential teaching tools are Thought Maps that illustrate and guide the dynamics of evolving relationship coupled with a series of experiments explorations to be undertaken alone or with one s partner Topics include Making the leap from Defensive Learning to Expansive Learning Breaking out of the relationship Box The lie of being unlovable Navigating in the realm of feelings Communication skills for explorers Hollywood 9/11 Tom Pollard,2015-12-03 The terrorist attacks of September 11 2001 and the subsequent US led invasions of Afghanistan in 2001 and Iraq in 2003 profoundly affected all aspects of society including cinema Or did they Even now years after those horrific events debate still rages over their impact on films At the time many expected Hollywood to tamp down graphic movie violence while others hoped that filmmakers would finally lay bare volatile socio political issues fuelling terrorist attacks In fact what has emerged is a thicket of darkly pessimistic genres including thrillers combat films sci fi and horror that makes pre 9 11 films appear naive and optimistic Hollywood 9 11 explores this transformation critically examining everything from Harry Potter and the Half Blood Prince to The Hurt Locker and placing the films in the context of both the socio political scene and the history of cinema **The Maccabæan** ,1914 **Fractured** Jared Weppelman,2011-08-01 Why would a girl be trapped in a burning building with her baby brother Why would a student be tempted to burn his classmate to death In the silence that separates this world from any other a crack has appeared And it is that crack that calls together a fighter a tactician a swordsman a magician and an expert Together they must face impossible odds if anyone is to survive But beneath the issues another problem burns The allure of power is sometimes to great even for the strongest of heart **Hysteria of Hypocrisy & Comfort or Force** Traumeary,2017-05 The first of these essays points out to us what happens when we go too far astray in the direction of the convenient status quo and how bouts of hysteria can then be understood as timely reminders of the need to return to creative thought and compassion The second essay would teach us the sheer cost of force and advocates instead a familiarity with the spirit of comfort and learning An Ancient Rage Jacqueline La Tourrette,1978 CMJ New Music Report ,1999-11-29 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ s trade publication compiles playlists for college and non commercial stations often a prelude to larger success The Sceptred Flute Sarojini Naidu,1928 **The Plays of Aeschylus** Aeschylus,1886 **Putnam's & the Reader** ,1909 Shakespeare to Hardy Sir Algernon Methuen Marshall Methuen,1926 **The Geography of Strabo** Strabo,1892 The Girl's Book of Verse ,1922 **Werner's Readings and Recitations: Washington celebrations (c1912)** ,1912 America the Beautiful Katharine Lee Bates,1911 This book presents Katharine Lee Bates s nineteenth century poem later set to music which celebrates the beauty of America
