Performance Criticism of the Pauline Letters Bernhard Oestreich, 2016-10-28 Receiving a letter from Paul was a major event in the early churches Given the orally oriented culture of the time a letter was designed to be read out loud in front of an audience The document was an intermediate state for the local transport of the message but the actual medium of communication was the performance event This event was embedded in the written text in a manner comparable to a theater script After careful preparation because of high expectations from ancient audiences a presenter embodied the message with his voice gazes and gestures and made it not only understood but jointly experienced After presenting a short history of performance criticism this book clarifies what is meant by the highly ambiguous term performance and develops steps to analyze ancient texts in order to find and understand the embedded signals of performance This leads to a critical assessment of the potential of performance criticism as a method Then the method is applied to the Pauline Epistles and other early Christian letters It proves to be highly rewarding difficult passages become comprehensible new aspects come to light the text's impact on the audience is felt in short the texts come alive [Level 1 Ancient Alphabet](#) Travis Wayne Goodsell, 2016-02-01 The origins of the alphabet are shrouded in mystery Travis Wayne Goodsell has made some discoveries with the ancient alphabets that explain this mystery The explanations are given in an easy to understand level system for the learner to be taught on a step by step basis [Ancient Letters and the New Testament](#) Hans-Josef Klauck, Daniel P. Bailey, 2006 This volume places the New Testament letters squarely in the middle of all the important letter corpora of antiquity Chapters cover the basic letter formula papyrus and postal delivery non literary and diplomatic correspondence Greek and Latin literary letters epistolary theory letters in early Judaism and all the letters of the New Testament Part I of each chapter surveys each corpus followed by detailed exegetical examples in Part II Comprehensive bibliographies and 54 exercises with answers suit this guide to student and scholar alike Publisher's website *Transforming Boasting of Self into Boasting in the Lord* Marcin Kowalski, 2013-07-12 This book uses rhetorical analysis to illuminate one of the most fascinating and complicated speeches by Saint Paul 2 Cor 10 13 The main problem of the speech regards Paul's claim to be a true servant of Christ and to have the right to boast about it Paul proves he is strong enough to be the leader of Corinth and paradoxically demonstrates that weakness should belong to the identity of an apostle Another issue regards the legitimacy of his boasting The egocentric boast based on the comparison with his opponents is the one that Paul calls foolish but he is

forced nevertheless to undertake it The tool that ultimately enables him to transform self aggrandizing speech into speech that is focused on Christ is his paradoxical boasting of weakness The careful crafting of his discourse based on Christological principles ultimately speaks for qualifying it as a self praise speech periautologia with a pedagogical not defensive purpose

The Colossian Hymn in Context Matthew E. Gordley,2007 The suggestion that the New Testament contains citations of early Christological hymns has long been a controversial issue in New Testament scholarship As a way of advancing this facet of New Testament research Matthew E Gordley examines the Colossian hymn Col 1 15 20 in light of its cultural and epistolary contexts As a result of a broad comparative analysis he claims that Col 1 15 20 is a citation of a prose hymn which represents a fusion of Jewish and Greco Roman conventions for praising an exalted figure A review of hymns in the literature of Second Temple Judaism demonstrates that the Colossian hymn owes a number of features to Jewish modes of praise Likewise a review of hymns in the broader Greco Roman world demonstrates that the Colossian hymn is equally indebted to conventions used for praising the divine in the Greco Roman tradition In light of these hymnic traditions of antiquity the analysis of the form and content of the Colossian hymn shows how the passage fits well into a Greco Roman context and indicates that it is best understood as a quasi philosophical prose hymn cited in the context of a paraenetic letter Finally in view of ancient epistolary and rhetorical theory and practice an analysis of the role of the hymn in Colossians suggests that the hymn serves a number of significant rhetorical functions throughout the remainder of the letter

Material Aspects of Letter Writing in the Graeco-Roman World Antonia Sarri,2017-11-20 Letter writing was widespread in the Graeco Roman world as indicated by the large number of surviving letters and their extensive coverage of all social categories Despite a large amount of work that has been done on the topic of ancient epistolography material and formatting conventions have remained underexplored mainly due to the difficulty of accessing images of letters in the past Thanks to the increasing availability of digital images and the appearance of more detailed and sophisticated editions we are now in a position to study such aspects This book examines the development of letter writing conventions from the archaic to Roman times and is based on a wide corpus of letters that survive on their original material substrates The bulk of the material is from Egypt but the study takes account of comparative evidence from other regions of the Graeco Roman world Through analysis of developments in the use of letters variations in formatting conventions layout and authentication patterns according to the sociocultural background and communicational needs of writers this book sheds light on changing trends in epistolary practice in Graeco Roman society over a period of roughly eight hundred years This book will appeal to scholars of Epistolography Papyrology Palaeography Classics Cultural History of the Graeco Roman World
