Annotated Ancient Mariner Samuel Taylor Coleridge,2010-10-28
Coleridge s greatest work The Rime of the Ancient Mariner is utterly unique unlike any other ballad
No narrative poem has rivaled it in combining scenes of terror with scenes of incomparable beauty
Although enormously popular in the nineteenth century it is seldom read or studied today
This annotated version by Martin Gardner will help to renew the appreciation and deepen the understanding of Coleridge s unjustly neglected masterpiece
Preceding the poem is a biographical sketch of the great poet which emphasizes those aspects of his many sided life and personality that have the strongest bearing on the poem especially on circumstances surrounding its composition
Both the 1798 and 1834 versions of the poem are presented with notes on words lines and stanzas that Coleridge later excised
Following the poem Gardner summarizes major critical attitudes toward the ballad discusses possible higher levels of meaning and closes with questions concerning the poem s much debated moral
Many artists have illustrated the Rime but none as skillfully as Gustave Dore
He was far and away the most popular and prolific book illustrator of all time and though his work has been out of fashion for some time it is becoming harder and harder to dismiss him as a mere yeoman illustrator
Here is your chance to read or reread Coleridge s classic Rime to fully understand it and to relish Dore s magnificent illustrations

Coleridge's Ancient Mariner Samuel Taylor Coleridge,2023-07-18
