Munhall,Ed Madden,Virginia Macken Fitzsimons,2002 This work offers writings on men s experiences as boys fathers and sons and reflections on relationships gender sexuality race violence loss careers health and the search for meaning The authors who contributed to this work speak to us in a frank and poignant way about the male experience helping us embrace our differences question out presuppositions and understand the diverse meanings of our experiences *The New Men's Studies* Eugene R. Contains some 1000 annotated entries that describe books about men Coverage includes men s awareness health rights heterosexuality and homosexuality patriarchy and minority males Each entry describes the book s content and where appropriate its political stance Adolescent Psychology, 98/99 ,1998 Turbulent Times, Transformational Possibilities? Fiona MacDonald,Alexandra Dobrowsky,2020-05-12 In Canada and elsewhere recent political economic and social shifts have brought gender to the forefront of politics as never before from gender based analyses and feminist budgets to the MeToo Idle No More and Black Lives Matter movements Detailing these gendered and turbulent political times this book features state of the art scholarship from diverse contributors that encompasses both contemporary challenges as well as avenues for change now and into the future This collection represents a complex treatment of both gender and politics in which gender is examined in light of other collective identities and their intersections and politics refers to both institutional and movement and countermovement politics Warriors and Wildmen Stephen Wicks,1996-09-24 **Warriors and Wildmen** is a book about men and masculinity Through an exploration of the complex issues of sex differences the book presents a challenge to the predominant ideas of modern feminism Contemporary studies of sex and gender have come primarily from the perspective of women s studies In the 1990s however a growing body of work offers a male perspective This book surveys that collection and draws from a wide variety of popular and scholarly writers in support of its major points This book will be of interest to anyone involved in men s studies gender issues and feminism **Papers from the Headmaster** Richard A. Hawley,1996 This timely collection of reflections asks some hard questions parents the education establishment and the larger society have avoided for too long What are the consequences Richard Hawley asks of having created a commercial and public culture that is demonstrably toxic to children Hawley challenges readers to consider in light of what is known about healthy child development the implications of imposing adult sexuality on children in amounts and in forms that can only overwhelm and terrify them Drawing on vivid personally observed examples and incidents he carefully examines what children actually learn from popular culture in which public and private leaders are exposed as philanderers and frauds in which athletes and entertainment stars are revealed as addicts and child molesters and murderers The greatest dangers to this era s children Hawley says lie where the remedy ought to be in the ways we tell our collective stories and in the conveyance of our common history Our children are in danger of being educated to believe there are no healing true stories that history is the invention of the teller that nothing finally is verifiable knowable safe or right In such a world all preferences and all claims become morally equivalent and thus meaningless The Church Impotent Leon J. Podles,1999 The current preoccupation with the role of women in the church obscures the more serious problem of the perennial absence of men This provocative book argues that Western churches have become women s clubs that the emasculation of Christianity is dangerous for the church and society and that a masculine presence can and must be restored After documenting the highly feminized state of Western Christianity Dr Podles identifies the masculine traits that once

characterized the Christian life but are now commonly considered incompatible with it He contends that though masculinity has been marginalized within Christianity it cannot be expunged from human society If detached from Christianity it reappears as a substitute religion with unwholesome and even horrific consequences The church too is diminished by its emasculation Dr Podles concludes by considering how Christianity's virility might be restored In the otherwise stale and overworked field of gender studies *The Church Impotent* is the only book to confront the lopsidedly feminine cast of modern Christianity with a profound analysis of its historical and sociological roots *For Mortal Stakes* Paul F. Cummins, Anna K. Cummins, 1998 What's wrong with our schools How can they be fixed Do they need more money Should we emphasize the basics and cut out frills like art classes Is multiculturalism an important new perspective Now Paul F Cummins a nationally respected writer and educator offers his new book *For Mortal Stakes* This is a comprehensive view of education children and society unique in its progressive idealistic views combined with down to earth practical solutions *For Mortal Stakes* should become a major position paper in the national debate on educational and societal values This book will offer a rallying point for those who are looking for a reasoned thoughtful and compassionate approach to educating our children for the twenty first century It should serve as a wake up call for all who are concerned about what is happening to children in today's society and schools *Men in Difficult Times* Robert Alan Lewis, 1981 **Subject Guide to Books in Print**, 1993 *Words on Cassette, 2002* R R Bowker Publishing, 2002 *The Men's Bibliography* Michael Flood, 1995 **The Headmaster's Wife** Richard A. Hawley, 2000 Margaret Greeve the wife of the headmaster of a well established boarding school and outwardly an accomplished and finished person is not at all prepared for the grip of a mortal illness **Paperbound Books in Print 1995** Reed Reference Publishing, Reference Reed, 1995-12 *The Publishers Weekly*, 1993 *The New York Times Book Review*, 1994 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback
