The Making of the New Spirituality James A. Herrick,2004-12-02 James A Herrick offers an intellectual history of the New Religious Synthesis examining the challenges it poses to Judeo Christian tradition demonstrating its sources and manifestations in contemporary culture and questioning its acceptance in church and society

Coming Out of the Illusion Christopher Link,2020-04-13 There comes a time when being terribly lost without a clue and having the proverbial black cloud over one s head must come to an end It doesn t matter how screwed up your life has been with a rough childhood or now as an adult I have learned that our life experiences no matter how terrible don t have to shape who we are or who we become For instance I personally was in and out of foster homes from about age four to

eighteen I had to overcome tremendous obstacles to bring this book to you The number one lesson for everybody is When you get knocked down get up again and stand a little taller than you did before until your foundation is unbreakable Something More where is it I think everybody at one point or another has asked themselves this Looking up at the stars in wonderment at a very young age is where it all begins All beings are aware of their surroundings and figure out really quickly something is wrong here on this beautiful planet Earth There are plenty of indicators such as Violence and war domination and hate racial profiling and human suppression working for survival and fighting over resources and or the need for money debt creation These things are part of our collective third dimensional consciousness and are no longer necessary as we advance mature together So what are we looking for What is the true reality How can we better ourselves How do we awaken to and find our true self again Where is the love joy grace morals compassion unity we know are the truth behind this existence The most important question for us all to ask ourselves is How do we break through the false reality that we have created for ourselves and the planet and keep our light shining never to be hidden under veils of illusion again We will explore this thing called life through our own self realization together and find some answers to these questions **Welcome to Infinity**

Kathlyn Hinesley,2002 Writing in an entertaining autobiographical style Kathlyn Hinesley combines research in anthropology history and science with personal psychic experience and metaphysical theory She tackles questions related to life after death spirit communication shamanism alien visitations out of body travel time travel sacred sites and the nature of reality of itself She enlightens the reader by showing how many of these topics are related and why Welcome to Infinity presents us with an intriguing view of the universe one that is home to a variety of otherworldly beings existing at different frequencies of vibration Ms Hinesley explores ancient and modern techniques for communicating and collaborating with these beings and traveling to their realms She describes the importance placed on human spirit collaboration by ancient and native peoples who viewed such contact as critical to the maintenance of harmony on earth The author argues for a return to our roots for a future in which humans and otherworldly beings work together for the good of the universe Kathlyn Hinesley deciphers our interactions with the higher vibrations of our ecosystem This is the hard science of the future Rick Ramsey Kozmic Engine

Alien Experiences Nadine Lalich,Barbara Lamb,2020-09-03 Many current and ancient sources suggest that UFOs and extraterrestrial beings have been visiting the earth and interacting with humans for thousands of years If this is true monumental implications arise regarding the origin and evolution of humanity and the future of our planet This book discusses the highly controversial subject of alien contact and abduction recounting twenty five cases of close encounter The cases included have been selected from the files of psychotherapist Barbara Lamb who has been working with abductees since 1991 In her work with 560 individuals more than 1 800 regressions have revealed encounters with what appear to be non human life forms Although extraterrestrial contact is difficult to prove scientifically the events described in this book are accurate in that they have been presented as they were described by the individuals who experienced them These are normal

men and women living average responsible lives who have been subjected to extremely unusual events These individuals display such a compelling sincerity and marked emotional response to their strange experiences there can be no doubt they have experienced some kind of extraordinary event As a reader you may be curious about the subject or you may be a confirmed skeptic You may also be someone who is investigating unusual occurrences in your own life Whatever the case may be if with an open mind you will simply consider the possibilities inferred by the cases described herein you might find yourself on the road to a greater vision of reality

What If ETs Are Real? LG Rice,2025-02-15 What if everything we thought we knew about the universe was just the beginning What If ETs Are Real delves into the tantalizing question that has captivated humanity for centuries Are we alone Combining cutting edge science historical records and riveting speculation this book examines the implications of extraterrestrial life and how its confirmation could transform our world forever From unraveling ancient mysteries to exploring potential contact scenarios and societal impacts this thought provoking exploration invites readers to imagine a reality where we are no longer the sole sentient beings in the cosmos Are you ready to uncover the truth

The Top Books of the Year Custodians Beyond Abduction The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. Custodians Beyond Abduction : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
