A Concise Introduction to Logic Patrick J. Hurley, Lori Watson, 2019 Awakening Warrior Timothy L. Challans, 2010-03-10 2007 CHOICE Outstanding Academic Title *Awakening Warrior* argues for a revolution in the ethics of warfare for the American War Machine those political and military institutions that engage the world with physical force Timothy L Challans focuses on the systemic institutional level of morality rather than bemoaning the moral shortcomings of individuals He asks What are the limits of individual moral agency What kind of responsibility do individuals have when considering institutional moral error How is it that neutral or benign moral actions performed by individuals can have such catastrophic morally negative effects from a systemic perspective Drawing upon and extending the ethical theories of Kant Dewey and Rawls Challans makes the case for an original set of moral principles to guide ethical action on the battlefield Challans s call for reformation combined with a demand for a new set of moral principles to govern the ethical behavior on the battlefield is certain to garner the attention and ire of many readers and military leaders Parameters This is an important book that needs to be read and taken seriously If it is it could be as revolutionary as its subtitle suggests CHOICE **Ethics and Technology** Herman T. Tavani, 2016-01-11 *Ethics and Technology* 5th Edition by Herman Tavani introduces students to issues and controversies that comprise the relatively new field of cyberethics This text examines a wide range of cyberethics issues from specific issues of moral responsibility that directly affect computer and information technology IT professionals to broader social and ethical concerns that affect each of us in our day to day lives The 5th edition shows how modern day controversies created by emerging technologies can be analyzed from the perspective of standard ethical concepts and theories le Concise Intro Log W/Cd Patrick J. Hurley, 2002-07 **Custom, Law, and Monarchy** Marie Seong-Hak Kim, 2021 *Custom Law and Monarchy* explores how law evolved in early modern France from an amalgam of customs Roman and canon law royal edicts and judicial decisions to the unified Civil Code of 1804 In exploring the history of this codification of law Marie Seong Hak Kim lays out a new way of understanding French history On Western Influences and the Transformation of Chinese Academic Thought Qing Zhang, 2025-12-18 This book analyses the growth of disciplinary knowledge in modern China through Sino foreign cultural exchange It examines Western influences and the transformation of Chinese academic thought through modern scientific disciplines rather than mere westernization based on the nationality of knowledge Historically this transformation is not the unidirectional eastward dissemination of Western learning but the introduction of West learning into China with more active participation and choice by Chinese scholars This understanding of the historical process focuses more on the innovation of the medium of knowledge emphasizing the material and technological background of the dissemination of Western learning Concise Introduction to Logic. 10th Ed.
