practice And the text review is North Carolina specific not just simplistic national content but terse relevant and accurate
North Carolina laws and regulations presented as a well organized set of state key point reviews ideal for pre test
memorization But let s not dismiss the importance of the national content either NC RELEP s national key point reviews are a
succinct compression of tested national principles and practices that comprise the national portion of state license exams
from coast to coast Our content is drawn from our own national textbook Principles of Real Estate Practice one of the most
widely used principles textbooks in the country Finally our national content as well as our question selection is further
tailored to the state testing outline promulgated by Pearson Vue for North Carolina Thus the breadth and depth of the law
reviews and test questions reflect the topic emphasis of your state s testing service and your North Carolina license exam A
word about the test questions NC RELEP s testing practice section consists of ten national practice tests three state practice
tests and one state exam sample test The practice tests are roughly 50 questions in length and the sample test is 105
questions The test questions are designed to cover the content covered by the law reviews which reinforces your learning of
the total body of information tested by your state exam The questions are direct to the point and designed to test your
understanding When you have completed a given test you can check your answers against the answer key in the appendix
You may also note that each question s answer is accompanied by a brief explanation or rationale to further reinforce your
understanding In the end as you know it s all up to you Unlike other publications we are not going to tell you that using this
