Close of the Middle Ages Albert Léon Guérard,1920 Reforming French Culture George Hoffmann,2017-12-01 Reforming French Culture is a ground breaking work on the literary genre of Reformation satire colloquial obscene scatological designed to mock the excesses as well as the essence of the Roman Catholic rite and hierarchy Enticingly Hoffmann proposes that while romance with its episodic heroic narrative is the literary genre of Counter Reformation satire is the genre of Reformation This minor category of Renaissance French literature is an unstudied continent that plays a key role not only in French literature but also in French history and in the evolution of French culture more generally From this deceptively small focus the volume opens up huge vistas on the Reformation on French history and on the symbiosis of spirituality and estrangement to which it views modern French culture as heir Rather than using literature to illustrate history or contextualizing literature through historical background this book brings literary understanding what satire is and what it does to bear on historical understanding Situated at the crossroads of religion literature and cultural history it explores how France in this period became a culturally Protestant country while remaining confessionally Catholic

Customs of Morocco Raphael Chijioke Njoku, 2005-12-30 Moroccan culture today is a blend of Berber African Arab Jewish and European influences in an Islamic state Morocco's strategic position at the tip of North Africa just below Spain has brought these cultures together through the centuries The parallels with African and Middle Eastern countries and other Muslim cultures are drawn as the major topics are discussed yet the uniqueness of Moroccan traditions particularly those of the indigenous Berbers stand out The narrative emphasizes the evolving nature of the storied subcultures With more exposure to Western style education and pop culture the younger generations are gradually turning away from the strict religious observances of their elders General readers finally have a substantive resource for information on a country most known in the United States for the Humphrey Bogart classic Casablanca images of the souks markets hashish and Berber rugs The strong introduction surveys the people land government economy educational system and history Most weight is given to modern history with French colonial rule ending in 1956 and a succession of monarchs since then The discussion of religion and worldview illuminates the Islamic base and Jewish communities but is also notable for the discussion of Berber beliefs in spirits In the Literature and Media chapter the oral culture of the Berbers and the new preference for Western style education and use of French and even English are highlights The Moroccans are renowned as skilled artisans and their products are enumerated in the Art and Architecture Housing chapter along with the intriguing descriptions of casbahs and old quarters in the major cities Moroccans are hospitable and family oriented which is reflected in descriptions of their cuisine and social customs Moroccan women seem to be somewhat freer than others in Muslim countries but the chapter on Gender Roles Marriage and Family shows that much progress is still needed Ceremonies and celebrations are important cultural markers that bring communities together and a wealth of religious national and family rites of passage with accompanying music and dance round out the cultural coverage
