European Yearbook of International Economic Law 2016 Marc Bungenberg, Christoph Herrmann, Markus Krajewski, Jörg Philipp Terhechte, 2016-07-16 Volume 7 of the EYIEL focusses on critical perspectives of international economic law Recent protests against free trade agreements such as the Transatlantic Trade and Investment Partnership TTIP remind us that international economic law has always been a politically and legally contested field This volume collects critical contributions on trade investment financial and other subfields of international economic law from scholars who have shaped this debate for many years The critical contributions to this volume are challenged and sometimes rejected by commentators who have been invited to be critical with the critics The result is a unique collection of critical essays accompanied by alternative and competing views on some of the most fundamental topics of international economic law In its section on regional developments EYIEL 7 addresses recent megaregional and plurilateral trade and investment agreements and negotiations Short insights on various aspects of the Transpacific Partnership TPP and its sister TTIP are complemented with comments on other developments including the African Tripartite FTA und the negotiations on a plurilateral Trade in Services Agreement TiSA Further sections address recent WTO and investment case law as well as recent developments concerning the IMF UNCTAD and the WCO The volume closes with reviews of recent books in international economic law

Report and Proceedings of the World Economic Conference Held at Geneva, May 4th to 23rd, 1927 ... ,1927 **Papers Relating to the International Economic Conference, Genoa, April-May, 1922** ,1922 International Economic Conference, Geneva, May 1927 League of Nations. Secretariat. Economic and Financial Section, 1927 International Economic Conference, May 1927 League of Nations. Secretariat. Economic and Financial Section, 1926 Small and Medium-Sized Enterprises in International Economic Law Thilo Rensmann, 2017-06-09 International economic law with its traditional focus on large multinational enterprises is only slowly waking up to the new reality of small and medium sized enterprises SMEs entering the global marketplace In the wake of the

digital revolution smaller companies now play an important role in the global economic landscape In 2015 the UN expressly called for SMEs to have greater access to international trade and investment and it is increasingly recognized that the integration of SMEs provides one of the keys to creating a more sustainable and inclusive global economy As SMEs increasingly permeate transnational supply chains so interactions between these companies and international economic law and policy proliferate Small and Medium sized Enterprises in International Economic Law offers the first comprehensive analysis of the interaction between SMEs and international economic law This book presents a broad international perspective gathering together contributions by leading experts from academia legal practice and international organizations It opens up a field of enquiry into this so far unexplored dynamic and provide a touchstone for future debate The analysis covers a broad spectrum of international trade and investment law focusing on issues of particular interest to SMEs such as trade in services government procurement and trade facilitation Diverse perspectives illuminate regional developments in particular within the EU and the implications of mega regional free trade agreements The essays also examine questions of legitimacy of global economic governance in particular concerns surrounding the threat posed to the interests of domestic SMEs by the growing liberalization of international trade and investment These essays constitute essential reading for practitioners and academics seeking to navigate a previously neglected trend in international economic law

International Economics Mordechai Elihu Kreinin, 1998 This updated volume presents an analysis of international economic relations with the fundamental objective of extracting maximum policy insight from a minimum number of theoretical constructs Each subject is expounded verbally before any use is made of analytical tools
