Environment and Society Charles Harper, Monica Snowden, 2017-03-13 The sixth edition of *Environment and Society* continues to connect issues about human societies, ecological systems, and the environment with data and perspectives from different fields. While the text looks at environmental issues from a primarily sociological viewpoint, it is designed for courses in Environmental Sociology and Environmental Issues in departments of Sociology, Environmental Studies, Anthropology, Political Science, and Human Geography. Clearly defined terms and theories help familiarize students from various backgrounds with the topics at hand. Each of the chapters is significantly updated with new data, concepts, and ideas. Chapter Three, *Climate Change, Science, and Diplomacy*, is the most extensively revised with current natural science data and sociological insights. It also details the factors at play in the establishment of the Paris Agreement and its potential to affect global climate change. This edition elevates questions of environmental and climate justice in addressing the human environment relations and concerns throughout the book. Finally, each chapter contains embedded website links for further discussion or commentary on a topic, concludes with review and reflection questions, and suggests further readings and internet sources.

U.S. Trade with Puerto Rico and United States Possessions, 1971 **Contemporary Challenges in the Business Law** Catalin-Silviu Sararu, 2017-01-25 This volume contains the scientific papers presented at the Sixth International Conference *Perspectives of Business Law in the Third Millennium* that was held on 25-26 November 2016 at Bucharest University of Economic Studies, Romania. The scientific studies included in this volume are grouped into two chapters: *Contemporary challenges in the regulation of international business law* and *Contemporary challenges in the regulation of national business law*. The present volume is addressed to practitioners, researchers, students, and PhD candidates in juridical sciences who are interested in recent developments and prospects for development in the field of business law at international and national level.

U.S. Trade with Puerto Rico and U.S. Possessions, 1969 **Educational Leadership and Asian Culture** Peng Liu, Lei Mee Thien, 2023-08-11 Providing a window on educational leadership from an Asian cultural perspective, Liu and Thien's edited collection describes how educational leadership is linked with national culture in the context of different Asian countries. While much of the scholarship on this topic has been built on Western paradigms, this book examines the measurement of school leadership from a diverse lens by taking cultural context into account while examining educational leadership. Drawing on cross-cultural perspectives, the authors investigate the relationship between leadership for learning and societal culture, in addition to the relationship between leadership style and culture. The text provides a theoretical basis for understanding leadership in the context of Asian countries and offers practical suggestions for identifying effective and culturally sensitive leadership practices in similar cultural contexts. An excellent resource for graduate students, researchers in comparative education, educational practitioners looking to improve their education practices, and anyone interested in cultural leadership practices. *Books in Print 1997-98* R R Bowker
