An End to the Crisis of Empirical Sociology? Linda McKie, Louise Ryan, 2015-12-22 Research data are everywhere In our everyday interactions through social media credit cards and even public transport we generate and use data The challenge for sociologists is how to collect analyse and make best use of these vast arrays of information The chapters in this book address these challenges using varied perspectives and approaches The economics of big data and measuring the trajectories of recently arrived communities Social media and social research Researching elites social class and race across space and place Innovations in qualitative research and use of extended case studies Developing mixed method approaches and social network analysis Feminist quantitative methodology Teaching quantitative methods The book provides up to date and accessible material of interest to diverse audiences including students and teachers of research

design and methods as well as policy analysis and social media Intersectional Experiences and Marginalized Voices Sarah B. Donley, Melencia Johnson, 2024-02-15 Intersectional scholarship represents a significant cornerstone to the study of the social inequality This book makes visible the contribution of social scientists to intersectional research analysis and praxis in a diverse sampling of scholarship from across the sociological spectrum highlighting various quantitative and qualitative methodologies The contributions to this volume show how multiple dimensions of identity intersect with dimensions of power and privilege to shape the opportunities and obstacles that people encounter in their day to day lives Utilizing a variety of quantitative and qualitative methods scholars included in this book center Methods of intersectional research Marginalized faculty s experiences in the neoliberal university Victim characteristics of transgender Americans The effect of immigration and gender status on PhD engineers earnings How social capital access is shaped by race and gender status Latinas experiences in sports Trans men s pathways to incarceration Intersectional scholarship holds significant importance in providing a nuanced understanding of oppression and power dynamics as well as functioning as critical praxis for doing social justice work This insightful volume will be useful for scholarly readers and researchers in the subject areas of sociology gender and sexualities studies race and ethnicity feminist pedagogy and criminology The chapters in this book were originally published in the journal Sociological Spectrum The Writers Directory ,2004 *Facing Global Environmental Change* Hans Günter Brauch, Navnita Chadha Behera, Patricia Kameri-Mbote, John Grin, Úrsula Oswald Spring, Béchir Chourou, Czeslaw Mesjasz, Heinz Krummenacher, 2009-06-04 The year 2007 could perhaps accurately be described as the year when climate change finally received the attention that this challenge deserves globally Much of the information and knowledge that was created in this field during the year was the result of the findings of the Fourth Assessment Report AR4 of the Intergovernmental Panel on Climate Change IPCC which were disseminated on a large scale and reported extensively by the media This was the result not only of a heightened interest on the part of the public on various aspects of climate change but also because the IPCC itself proactively attempted to spread the findings of its AR4 to the public at large The interest generated on the scientific realities of climate change was further enhanced by the award of the Nobel Peace Prize to the IPCC and former Vice President of the US Al Gore By taking this decision in favour of a leader who has done a great deal to create awareness on climate change and a body that assesses all scientific aspects of climate change and disseminates the result of its findings the Norwegian Nobel Committee has clearly drawn the link between climate change and peace in the world OR/MS Today ,2004 **Who's Who of American Women 2004-2005** Inc.
