## Vespa Gts 125:

**Increasing Motorcycle Conspicuity** Lars Rößger, Michael G. Lenné, 2017-03-02 It is a widely recognised trend that powered two wheelers PTWs use has been steadily increasing and is projected to increase further. While providing benefits to the community in the form of reduced traffic congestion and environmental benefits, the risks to PTW riders remain and visibility will always be a key issue. *Increasing Motorcycle Conspicuity* aims to illustrate how driving simulation, field studies and laboratory experiments can be used to improve rider safety through the design and evaluation of a range of safety measures. The book outlines the factors that contribute to PTW visibility and detection by car drivers and presents case studies to illustrate how the various methods can be used to explore the contribution of these factors. The final chapter of the book highlights the utility of a simulation based approach to improving PTW safety and discusses this method's future applications. The case studies collected within the volume cover phases of the design of conspicuity treatments and provide a broad spectrum of empirical strategies for assessing the interventions. The book is most directly relevant to researchers and applied scientists from the fields of traffic transportation psychology and human factors as well as to practitioners from the traffic safety sector.

**Motorcycle: Definitive Visual History** DK, 2012-04-02 Set your pulse racing with this stunning visual guide to over 1000 pin up machines, iconic symbols of wanderlust, speed and the open road. From Gottlieb Daimler's gas powered engine on a bicycle which set fire to the seat on its first outing to superbikes such as the Ducati 916 Motorcycle, *The Definitive Visual History* takes you on an enthralling tour of the bike's history. It shows you bikes that appeal to the head, practical forms of transport and to the heart, a parade of classic pin ups including cult machines such as the Honda RC30, the Triumph Bonneville and the Harley Davidson XR750 Motorcycle. *The Definitive Visual History* shows the brilliance and impracticality of different designs and features detailed cross sections of engines such as the air cooled two stroke. It explains how the great marques such as the Royal Enfield, the legendary Indian Scout, Vespa and Norton all became household names. Whether you are a hardcore enthusiast or looking forward to your first machine, this is one title you cannot be without.
