The Carlos Complex Christopher Dobson, Ronald Payne, 1978 *The Carlos Complex: a Pattern of Violence* Christopher Dobson, Ronald Payne, 1977 **Israel Undercover** Steve Posner, 1987-11-01 Israel Undercover focuses on the execution of paramilitary counterterrorist operations against Palestinian guerrillas and the behind the scenes negotiations carried out among Arab statesmen Israeli leaders and American officials Intelligence agencies like the CIA and the KGB are often viewed as tools for carrying out dirty tricks covert operations that lead to government coups illegal bombings political killings and Iranscam In the Middle East undercover operatives are frequently called upon to serve a dual purpose to wage clandestine warfare behind enemy lines and to help public officials carry out secret diplomatic moves that would be impossible if carried out under the glare of the world press This book successfully portrays the cold objectivity that governs the life and death foreign policy of a country like Israel the need to view friend and foe alike with resolute realism The book is divided into four sections 1 Inside Beirut describes Israel s use of its intelligence network in Lebanon during the 1970s to conduct military reprisals and its impact on the Israeli Egyptian peace process 2 Across the River Jordan examines the decades old secret relationship between Israeli leaders and Jordan s King Hussein 3 American Dreams reveals the quiet alliance between the Christian Phalangist militia and Washington s back door channel to the PLO and 4 The Mysterious Middle East provides a glimpse of the region s special mix of conspiracy and animosity In order to provide a historical setting and a political context for the events described in the book material is included from widely published sources integrated with information gathered from private informants some of whom have chosen to remain anonymous **Crimes Committed by Terrorist Groups** Mark S. Hamm, 2011 This is a print on demand edition of a hard to find publication Examines terrorists involvement in a variety of crimes ranging from motor vehicle violations immigration fraud and mfg illegal firearms to counterfeiting armed bank robbery and smuggling weapons of mass destruction There are 3 parts 1 Compares the criminality of internat jihad groups with domestic right wing groups 2 Six case studies of crimes includes trial transcripts official reports previous scholarship and interviews with law enforce officials and former terrorists are used to explore skills that made crimes possible or events and lack of skill that the prevented crimes Includes brief bio of the terrorists along with descriptions of their org strategies and plots 3 Analysis of the themes in closing arguments of the transcripts in Part 2 Illus **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1978 **Terrorism as Crime** Mark S. Hamm, 2007-03 Car bombing suicide bombing abduction smuggling homicide and hijacking are all profoundly criminal acts In Terrorism as Crime Mark S Hamm presents an understanding of terrorism from a criminological point of view arguing that the most successful way to understand detect prosecute and deter these acts is to use conventional criminal investigation methods Whether in Oklahoma City or London Terrorism as Crime demonstrates that criminal activity is the lifeblood of terrorist groups and that there are simple common denominators at work that can remove the mystery surrounding many of

these terrorist groups Once understood the vulnerabilities of these organizations can be exposed This important volume focuses in on six case studies of crimes committed by jihad and domestic right wing groups including biographies of more than two dozen terrorists along with descriptions of their organizations strategies and terrorist plots Terrorism as Crime offers an original and significant framework for explaining international and domestic terrorism as well as how future acts might be detected or exposed *Parameters* ,1977 Political Terrorism A.J. Jongman,2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of *Political Terrorism* was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection *Chronicles of Culture* called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against **Terrorism** Robert A.
