Carlos Monsivais:

Carlos Monsivais Linda Egan, 2001-09 One of Mexico's foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsivais has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called crónicas he is perhaps best known for his analytic and often satirical descriptions of Mexico City's popular culture This comprehensive study of Monsivais's crónicas is the first book to offer an analysis of these works and to place Monsivais's work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsivais as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre's history and its relation to other narrative forms Finally she focuses on the canonical status of Monsivais's work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot know the end until Monsivais is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico's passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of Mexico's cultural space Egan's book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsivais it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature

Problems in Modern Latin American History John Charles Chasteen, James A. Wood, 2004. This is a completely revised and updated edition of SR Books' classic text *Problems in Modern Latin American History*. This book has been brought up to date by Professors John Charles Chasteen and James A. Wood to reflect current scholarship and to maximize the book's utility as a teaching tool. The book is divided into 13 chapters, with each chapter dedicated to addressing a particular problem in modern Latin America, issues that complement most survey texts. Each chapter includes an interpretive essay that frames a clear central issue for students to tackle, along with excerpts from historical writing that advance alternative or even conflicting interpretations. In addition, each chapter contains primary documents for students to analyze in relation to the interpretive issues. This primary material includes passages of Latin American fiction in translation, biographical sketches, and images. Designed as a supplemental text for survey courses on Latin American history, this book's provocative problems approach will engage students, evoke lively classroom discussion, and promote critical thinking.

Fatefully, Faithfully Feminist Carlos Monsiváis, 2024-02-25. This critical anthology of writings by Carlos Monsiváis represents a foundational set of texts by an exceptional yet under-translated Mexican cultural critic. *Fatefully, Faithfully Feminist* situates the urgencies of social movements as they developed in real time. Spanning from 1973 to 2008, Monsiváis's essays, which were originally compiled by scholar Marta Lamas, analyze the role of women in a patriarchal culture from pre-Columbian times to the present. This critical edition offers extensive annotation and cultural background to understand the cogent but particularly Mexican arguments that Monsiváis makes, many of which are extremely relevant in today's political economy in the US and the world. Norma Klahn and Ilana Luna's translation, critical introduction, and commentary consider issues of context, history, and conventions framing Monsiváis's debates in relation to global feminist history and human rights struggles.

Taking Back the Academy! Jim Downs, Jennifer Manion, 2004-12-15. *Taking Back the Academy* is not only an historical look at activism on campus since the 1960s but also an exploration of the ways in which the historian's craft leads to social change. Written against the current political wave that views liberal academics as treasonous and unpatriotic, these authors defend political dissent and powerfully document the importance of activism and public debate on college campuses. From the controversies surrounding the current war to continuing problems of identity politics on campus, *Taking Back the*
