Ecclesiology Of Karl Rahner:

The Ecclesiology of Karl Rahner Richard Lennan, 1995 In the years since the Second Vatican Council the Catholic Church has struggled to renew its self understanding and revise its relationship to the world This book examines the contribution made to those debates by Karl Rahner 1904 1984 one of the foremost Catholic theologians of this century The book situates Rahner s ecclesiology in the context of his whole theology focusing in particular on the evolution of his thought over a fifty year period Dr Lennan shows how Rahner s approach to the Church was radicalized by his awareness of the rate of social change in the twentieth century Faithful to the Church s tradition Rahner was nonetheless convinced of the Church s need to reform its structures and clarify its doctrines in order to respond to a pluralist society Rahner s vision of the future centred on a church committed both to preservation of its heritage and an openness to change

A Critical Evaluation of the Suitability of Karl Rahner's Sacramental Ecclesiology for a World Church James J. Woolever, 1992-01-01 This study examines the critical issues both internal and external confronting the post Vatican II Church It evaluates Karl Rahner s sacramental ecclesiology for a world Church and includes an analysis of the historical and theological roots of Rahner s ecclesiology and its development and appropriateness as a strategic theology for a world Church The book aims to treat Rahner s complex writings in a clear straightforward fashion and to clarify the insights of this theologian understandable to the informed Christian

The Church of the Word John B. Ackley, 1993 This book illuminates the nature and locus of authority in the Lutheran Catholic ecumenical dialogue by comparing the concepts of Word of God church and office in the thought of Catholic theologian Karl Rahner 1904 1984 and Lutheran theologian Gerhard Ebeling 1912 The study examines the ontological anthropological linguistic and hermeneutical principles underlying their positions The result is the discovery of some areas of surprising convergence as well as fundamental differences Finally the author proposes how despite deep differences Rahner s and Ebeling s views are complementary rather than contradictory

The Shape of the Church to Come Karl Rahner,1974 **A Divided Theologian** Lee Johnston,2017 An Ecumenical Priesthood Karl Rahner,2022 The question of whether Protestant ministers are validly ordained remains a barrier for ecumenical reconciliation between Roman Catholics and Protestants In An Ecumenical Priesthood Karl Rahner proposes that the nature of the church and the affirmation of the presence of grace among Protestants may open a door to renewal and healing **The Foundations of Karl Rahner** Mark F. Fischer,2005 Karl Rahner is one of Catholicism s most influential theologians Yet his Foundations of Christian Faith the basic course that he intended as his most systematic and comprehensive work remains difficult reading In The Foundations of Karl Rahner Mark F Fischer offers a page by page explanation of Rahner s masterwork showing its overall design and the interconnections among its 368 sections and subsections Designed for beginning theology students and scholars alike and with topic name and Bible indices to help readers navigate the Rahnerian basic course The Foundations of Karl Rahner is an indispensable addition to every theological library BOOK JACKET The Scandal of Pentecost Wolfgang Vondey,2023-10-19 Through a systematic analysis of the conflicts emerging when the public church encounters the public world The Scandal of Pentecost argues that the public advent of the church stands in continuity with the public scandal of the incarnate and crucified Christ The book traces the contours of this scandal in the confrontation of the dominant ruling hermeneutic of authority with a Christian hermeneutic of resistance This highlights the brokenness of the human condition manifested by the church in the drunkenness of the disciples the speaking in other tongues the baptism with the Spirit the empowerment of the flesh and its public witness to a scandalized world The effects of the scandal transform both the disciples individual and communal witness and their public recognition as the church Through the lens of a symbolic hermeneutic the public witness of the church at Pentecost reveals a Christian scandal of anthropological proportions with the outpouring of the Spirit on all flesh the church emerges as the symbol of humanity *The Routledge Companion to the Christian Church* Gerard Mannion,Lewis S. Mudge,2007-12-12 Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues
