Ohlmeyer, Éamonn Ó Ciardha, 1998 The Irish staple was established in the 13th century to regulate trade in basic or staple goods which could only be sold to foreign merchants in designated staple towns It also provided a sure way for traders to recover their debts and by the early 17th century the real

significance of the staple lay in the regulation of debt The surviving 17th century staple records provide a guide to indebtedness and the social and economic history of early modern Ireland These records also offer an opportunity to analyze the processes inherent in colonization at local level as they contain detailed entries amounting to over 4 000 transactions emanating from every county in Ireland Publisher s description

Landlords, Tenants, Famine Desmond Norton,2006 Desmond Norton s fascinating study of the relationships between landlords and tenants in Ireland during the Great Famine period of the 1840s is principally based on a large uncatalogued archive in private ownership of the Stewart and Kincaid land agents Much of the information from this unique resource is being published for the first time Norton challenges existing assumptions about landlord tenant relations emigration and land improvement during the famine decade Messrs Stewart and Kincaid was a firm of land agents based in Dublin and most of the correspondence was addressed to its office there The letters in the archive relate mainly to the estates managed by the firm during the 1840s and give a rounded picture of life in the Irish countryside during the period They provide evidence of some humane and caring landlords the activities of middlemen suffering tenants and emigration in a large number of locations including Sligo and Roscommon Clare and Limerick Kilkenny Carlow and Westmeath Many famous families appear such as the Pakenhams and Ponsonbys well known historical figures such as Lord Palmerston who was foreign secretary and

prime minister as well as being a landlord in Sligo and Dublin The evidence of the Stewart and Kincaid archives is complemented by research into other family archives and from the author s meetings with descendants of many of the families discussed Landlords Tenants Famine is an immensely important contribution to scholarship on the Great Famine and to nineteenth century Irish economic history
