Echo Des Pays Froids:

Écho des pays froids Louis Edmond Hamelin, 1996 **Writing the North of the North / L'Écriture du Nord du Nord / Den Norden des Nordens (be-)schreiben** Annie Bourguignon, Konrad Harrer, 2019-11-29 The expression North of the North refers both to an objective geographical reality the territories situated at the highest latitudes on our planet and to a subjective mental construction which came into being many centuries ago and has been developed modified and differentiated ever since The chapters in the present volume examine various aspects of that concept analysing texts and works of art from a range of regions and periods La notion de Nord du Nord renvoie tout autant la réalité géographique objective que sont les territoires des latitudes les plus élevées de notre planète qu'une construction mentale subjective qui s'est constituée et développée et modifiée au cours du temps Les contributions du présent volume se proposent d'en explorer les multiples facettes en recourant des textes et œuvres d'art de époques et de provenances diverses Der Begriff Norden des Nordens verweist sowohl auf eine objektive geographische Wirklichkeit nämlich die in den höchsten Breitengraden unseres Planeten gelegenen Territorien als auch auf eine subjektive mentale Konstruktion die im Laufe der Zeiten entstanden ist sich fortentwickelt und ausdifferenziert hat Die im vorliegenden Band enthaltenen Beiträge erforschen die vielfältigen Facetten dieses Begriffs anhand von Texten und Kunstwerken aus verschiedenen Regionen und Epochen **Twenty-First-Century Perspectives on British Travel Writing** Samia Ounoughi, Emmanuelle Peraldo, Anne-Florence Quaireau, 2025-03-11 Twenty First Century Perspectives on British Travel Writing evidences the evolution of travel writing studies over the last two decades and points to innovative ways to study this heterogeneous genre This volume seeks to build bridges between the study of travel writing and disciplines of sciences and human sciences so that the analyses of travel texts images and objects lead to interdisciplinary enrichment This volume revisits the complicated relationship between fact and fiction science and literature and the world and the word through transdisciplinary approaches Through case studies of British travel writing from the eighteenth to the twenty first centuries the contributors provide illustrations of the fruitful intersection of travel writing studies with other methodologies such as literary studies gender studies postcolonial studies visual studies areal studies engineering studies food studies animal studies ecocriticism posthumanism and geocriticism [Canadian Geography](#) Thomas A.
